

# Performance Chemicals for TEXTILE Industry

<b>PRETREATMENT</b>	Enzymatic desizing agent
	Wetting agents
	Demineralising agent
	Mercerising agent
	Stain removers
	Scouring agents
	Apeo free scouring agents
	Low foam scouring agents
	Deaerating agent
	Sequestering agent
	Stabilizer for peroxide bleaching
	Peroxide killer for peroxide bleaching
	Anticreasing / lubricating agent
	Alkali neutralizing agent
<b>DYEING</b>	Levelling agent for cotton dyeing
	Levelling agent for polyester dyeing
	Levelling agent for wool / silk / nylon dyeing
	Dispersing & levelling agent for polyester dyeing
	Acid buffer for polyester dyeing
	Sequestering agent
	Anticreasing / lubricating agent
	Washing off agent
	Dye fastness improvers
	Washing off agent with sequestering & dispersing action
	Formaldehyde free dye fixers
	Alkali neutralizing agent
	Alkali replacement for reactive dyeing
	Reduction clearing agent for polyester dyeing in acidic / alkaline media
<b>PRINTING</b>	Wetting agents
	Penetrating agent for polyester & cotton printing
	Loop accelerator for polyester printing
	Acid buffer for polyester printing
	Softening agent for reactive dye printing by silicate pad process
	Anti choking agent for cotton & polyester printing
	Wetting agents
	Washing off agents
	Guar gum for printing
<b>FINISHING</b>	Cationic softeners
	Nonionic softeners
	Polyethylene emulsion
	Resin finish
	Aminosilicone emulsion
	Hydrophillic softeners
<b>EMULSIFIERS / ADDITIVES</b>	Emulsifier for aminosilicone oil
	Emulsifiers for leather processing auxiliaries
	Additive for wool batching oil / jute batching oil
	Additive for viscose manufacturing
	Spin finish additives
	Intermediates for wetting / scouring agent manufacturing
	Moisture management compound for jute
	Dispersing agent for dyes / pigments

**PRODUCT DATA SHEET / MSDS / SPECIFICATION AVAILABLE ON REQUEST**
