

Ennature Biopharma

About Us

Ennature Biopharma is the natural products division of India Glycols Ltd. It is engaged in the isolation, enrichment and refinement of active plant based ingredients using research and technology for the use of pharmaceutical, functional foods, dietary supplements and cosmetic industries. India Glycols is a USD 600 million, public listed company that holds the distinction of pioneering the manufacturing of chemicals from green, renewable sources and agri feedstocks. The company is a proud recipient of the BIRAC innovator award for commercializing the first Indian, second generation alcohol technology plant from lignocellulosic biomass.

Manufacturing Facility

While India Glycols has several manufacturing facilities located in north India, Ennature Biopharma has a dedicated manufacturing facility at Dehradun which is spread over an area of 1,60,000 sq. feet and is accredited with EU Written confirmation, WHO-GMP (COPP), ISO 9001, ISO 14001, ISO 22000, HACCP, Halal and Kosher. The site has an advanced super critical extraction technology plant along with hydro-alcoholic extraction, isolation & purification facilities. Quality control is fully supported by world class facility, dedicated team, equipment and laboratories.

The quality assurance system is based on Good Manufacturing Practice (GMP) and is 21 CFR Part 11 compliant. All APIs & select supplements have Drug Master Files, most product technologies are patented with few under review.

Environmental Initiatives

We believe in Green technology and have undertaken many Green initiatives in all aspects of our business. We use SCFE technology, Green ethanol for extractions, reuse waste for energy conservation, practice water conservation and have a sustainable raw material supply chain.

At Ennature, we are continuously working to excel in the field of phytochemicals, value added functional foods & dietary supplement ingredients. We work conscientiously to transform lives through nature, technology and innovation and protect the environment passionately.

Key Products

Phytochemicals/APIs

Thiocolchicoside IP/FP/EP

EDMF/DMF on record
EU Written Confirmation
WHO GMP (COPP) available

Colchicine IP/USP/EP/BP/CP/JP

EDMF/DMF on record
EU Written Confirmation
WHO GMP (COPP) available

Vinpocetine EP/BP

EDMF on record
EU Written Confirmation
WHO GMP (COPP) available

Curcumin

DMF on record
WHO GMP (COPP) available
JP 95% Ethanol extract

Centella Asiatica

TECA - Triterpenes 90%
Asiaticoside 90%
Madecassoside 95%

New Launch

Sennosides USP 60%

Health & Food Supplements

Maxicura - Biocurcumin

24 times more bioavailable
Scientifically proven
Curcumin 40%
Instant Cold Water Soluble

Boswellia Serrata extract

AKBA 30%
AKBAfast (AKBA 10% Boswellic acid 75%)
Boswellic acid 90%

All New Ginger Extract

Complying EP/USP Pesticide Limits

Powder & Oleoresin
Cold Water Soluble 10%

Coleus CO₂ & solvent extract

Forskolin 10% 20% 40% 95%
98% DMF on record
Coleus Oil

Policosanol

Octacosanol 40% 50% 60%
First Water Soluble Octacosanol 20%

Sea Buckthorn

Oil & Powder

Veg DHA

Oil 35% 40%
Microencapsulated powder 10% 20%
Cold Water Soluble 10%

Carotenoids

Lutein Ester CO₂ extract

Patented in Japan & US
DMF on record
Oleoresin 10% 20% 40%
Powder 5% 10% 20%
Beadlets 5% 10% 20%
Cold Water Soluble 10%

Lutein

First Hexane Free Extraction
Powder, Oleoresin, Beadlets 5% 10% 20%
Cold Water Soluble 10%

Zeaxanthin

Powder, Oleoresin, Beadlets 5% 10% 20%
Cold Water Soluble 5%

Astaxanthin CO₂ extract

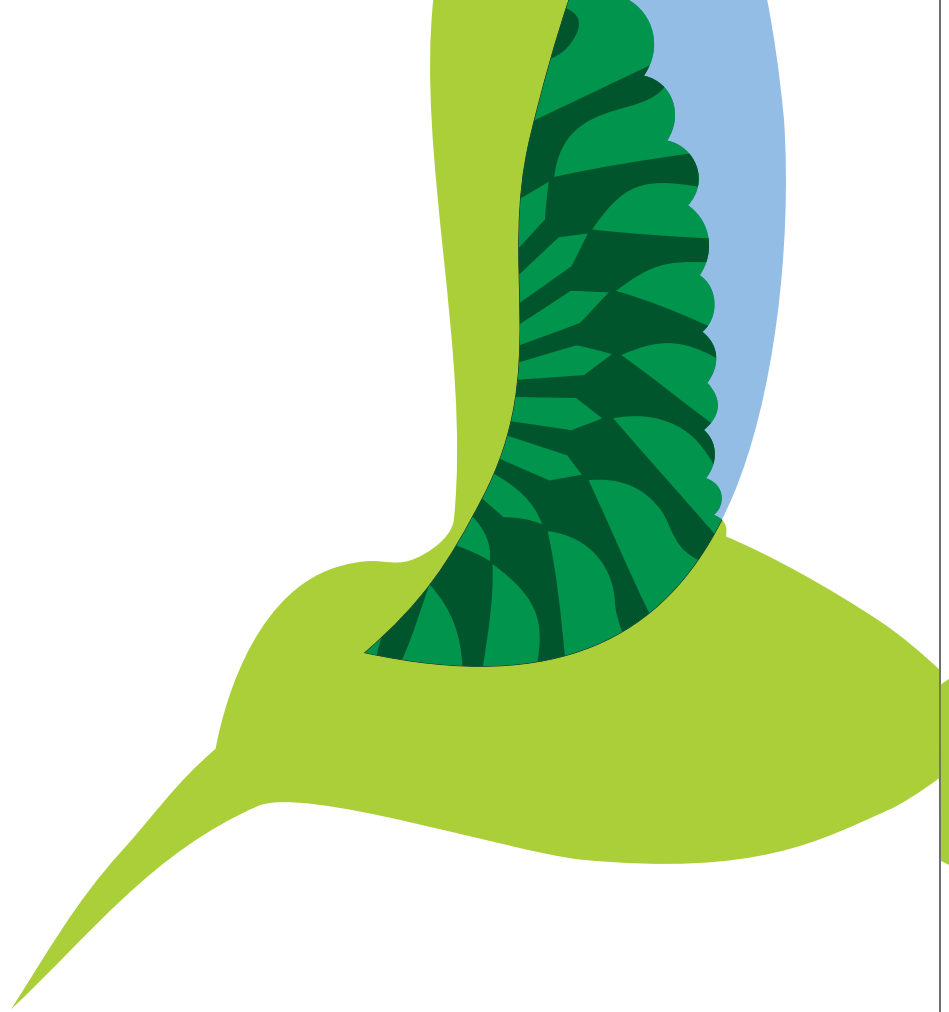

Oleoresin 5% 10%
Powder 1.5% 2.5% 5% 10%
Beadlets 2% 2.5%
Cold Water Soluble 5%

Nicotine Replacement Therapy

Nictobac

Nicotine 99% EP/USP
EDMF/DMF on record
Nicotine salts
(Citrate, Benzoate, Laurate,
Malate, Levulinate & Pyruvate)
Nicotine dilution bases-PG/VG
Nicotine ditartrate dihydrate EP
Nicotine polacrilex/resinate
