INDIA GLYCOLS LIMITED

41st ANNUAL REPORT
FY 2024-25

Forward-looking statement

In this Annual Report we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements-written and oral-that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward looking statements will be realised, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

NOTES:

1. The Ministry of Corporate Affairs ("MCA") has vide its circular nos. 20/2020, 02/2021, 19/2021, 02/2022, 10/2022, 09/2023 and 09/2024 dated 5th May, 2020, 13th January, 2021, 8th December, 2021, 5th May, 2022, 28th December, 2022, 25th September, 2023 and 19th September, 2024 respectively, read together with circular nos. 14/2020 and 17/2020 dated 8th April, 2020 and 13th April, 2020, respectively, (collectively referred to as "MCA Circulars") permitted convening of the Annual General Meeting ("AGM") through Video Conferencing ("VC")/ Other Audio Visual Means ("OAVM") facility, without the physical presence of the Members at a common venue. Further, Securities and Exchange Board of India ("SEBI") vide its circular nos. SEBI/HO/CFD/CMD1/CIR/P/2020/79, SEBI/HO/CFD/CMD2/CIR/P/2021/11, SEBI/HO/CFD/CMD2/CIR/P/2022/62, SEBI/HO/CFD/PoD-2/P/CIR/2023/4, SEBI/HO/CFD/CFD-PoD-2/P/CIR/2023/167 and SEBI/HO/CFD/CFD-PoD-2/P/CIR/2024/133 dated 12th May, 2020, 15th January, 2021, 13th May, 2022 5th January, 2023, 7th October, 2023 and 3rd October, 2024 respectively, ("SEBI Circulars") has also granted certain relaxations with respect to AGM. In view of the above circulars, the 41st AGM of the Company is being convened through VC/ OAVM in compliance with the applicable provisions of the Companies Act, 2013 ("the Act"). Hence, Members can attend and participate in the ensuing AGM through VC/ OAVM only. The deemed venue for the AGM shall be the

Registered Office of the Company at A-1, Industrial Area, Bazpur Road, Kashipur - 244713, Distt. Udham Singh Nagar, Uttarakhand.

2. **Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held through VC/OAVM facility, requirement of physical attendance of Members has been dispensed with. Accordingly, in terms of the MCA Circulars and the SEBI Circulars, the facility for appointment of proxies by the Members will not be available for the 41st AGM and hence, the proxy form, attendance slip and route map of the AGM venue are not annexed to this Notice.**
3. Corporate Members intending to appoint their representatives for the purpose of voting through remote e-voting, participation in the 41st AGM through VC/OAVM facility and e-voting during the 41st AGM, are requested to send to the Company a certified copy of the relevant Board Resolution authorizing their representatives. The said resolution/authorisation should be sent to the scrutinizer through its registered e-mail address to ashish@asandco.net with a copy marked to compliance.officer@indiaglycols.com.
4. An Explanatory Statement pursuant to Section 102 of the Act, setting out all material facts in respect of Special Business to be transacted at the AGM is annexed hereto and form part of this Notice.
5. The Members can join the 41st AGM through VC/OAVM 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility for joining the AGM through VC/OAVM will be available for 1,000 Members on first come first served basis. However, this number does not include the large shareholders (i.e. Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit, Nomination and Remuneration and Stakeholders' Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis in terms of the MCA Circulars.
6. Members attending the 41st AGM through VC/OAVM will be counted for the purpose of reckoning quorum under Section 103 of the Act.
7. In case of joint holders attending the AGM, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.
8. Pursuant to the provisions of Section 91 of the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ("SEBI Listing Regulations"), the Register of Members and Share Transfer Books of the Company will remain closed from **Wednesday, 24th September, 2025 to Tuesday, 30th September, 2025** (Both days inclusive) for determining the entitlement of the shareholders for the purpose of payment of dividend for the financial year ended 31st March, 2025 and the AGM.

The Board of Directors of the Company at its meeting held on 16th May, 2025 had recommended a dividend at the rate of 100% of the face value of each equity share for the FY 2024-25.

At that time, the face value of each equity share was ₹10/-, however, subsequently, the Board of Directors at its meeting held on 30th May, 2025 approved the sub-division /split of the equity shares having face value of ₹10/- (Rupees Ten only) each, into 2 (Two) equity shares having face value of ₹5/- (Rupees Five only) each, subject to the shareholders approval.

Accordingly, if the dividend for FY 24-25 is declared at the AGM, the shareholders would receive the same equivalent to 100% of the revised face value i.e. ₹5/- per equity shares. The dividend will be paid within 30 days from the date of the ensuing AGM of the Company as under:

- To all those beneficial owners holding shares in electronic form, as per the beneficial ownership data made available to the Company by National Securities Depository Limited ("NSDL") and the Central Depository Services (India) Limited ("CDSL") as on Tuesday, 23rd September, 2025.
- To all those shareholders holding shares in physical form, after giving effect to all the valid share transmission or transposition request lodged with the Company/Share Transfer Agent, M/s MCS Share Transfer Agent Limited ("RTA"), 179-180, DSIDC Shed, 3rd Floor Okhla Industrial Area, Phase – 1 New Delhi – 110020 on or before Tuesday, 23rd September, 2025.

Any query related to dividend should be directed to the RTA of the Company.

Pursuant to the provisions of the Income Tax Act, 1961, as amended by the Finance Act, 2020, dividend paid or distributed by a Company on or after 1st April, 2020 shall be taxable in the hands of the Members, therefore, the Company is required to deduct tax at source at the time of making payment of dividend at the prescribed rates. In order to enable the Company to determine the appropriate TDS rate, as applicable, shareholders are requested to submit their documents in accordance with the applicable provisions. The Company will also send an e-mail to all shareholders at their registered e-mail id's in this regard and the same shall be available under Investor Relations Section at the Company's website i.e. <https://www.indiaglycols.com/wp-content/uploads/Communication-in-respect-to-Deduction-of-Tax-at-source-on-Dividend-dated-20.08.2025.pdf>. The Members are requested to update their PAN with their Depository Participant (if shares held in electronic form) and Company/RTA (if shares held in physical form).

9. As per the SEBI Listing Regulations, the Company shall use any electronic mode of payment approved by the Reserve Bank of India for making payment of dividend to the Members.

10. Members holding shares in electronic mode may note that bank particulars registered against their respective depository accounts will be used by the Company for payment of dividend. The Company or RTA cannot act on any request received directly from the Members holding shares in electronic form for any change of bank particulars or bank mandates. Such changes are to be advised only to the Depository Participant (DP) by the Members.
11. Members holding shares in physical form are requested to register their Electronic Clearing Services (ECS) mandate by submitting the form ISR-1 along with the prescribed documents to the Company's RTA.
12. In compliance with the aforesaid MCA Circulars and SEBI Circulars, the Notice of the 41st AGM, inter-alia, indicating the process and manner of voting through electronic means alongwith the Annual Report for FY 2024-25 is being sent only through electronic mode to those Members whose e-mail addresses are registered with the Company/ RTA/Depositories, unless any Member has requested for a physical copy of the same.

Additionally, in compliance with Regulation 36(1) (b) of the SEBI Listing Regulations, the Company shall send a letter to members whose e-mail id(s) are not registered with Company/ DP(s)/ RTA, providing the web-link, including the exact path, where the Notice and Annual Report for FY 2024-25 can be accessed.

To obtain copy of Annual Report for FY 2024-25 through electronic mode, the Members are requested to register/update their e-mail IDs by following the below procedure:-

- (i) **Members holding shares in physical mode are requested to register/update their e-mail addresses by writing to the RTA at 179-180, DSIDC Shed, 3rd Floor, Okhla Industrial Area, Phase – 1 New Delhi – 110020 or e-mail at admin@mcsregistrars.com along with the copy of the signed request letter mentioning the name, folio number and address of the Member, self-attested copy of the PAN card, self-attested copy of Aadhar Card and copy of share certificate (front & back).**
- (ii) **Members holding shares in dematerialized mode are requested to register/update their e-mail addresses by following the process mentioned above for Physical Holding and send 16 digit DPID & Client ID in place of Folio No. along with scanned copy of self-attested Client Master copy or consolidated Demat Account Statement.**

However, for permanent registration of e-mail address, Members should contact their respective Depository Participants.

After successful registration of the e-mail address, a copy of the Notice along with the Remote E-voting user ID and password will be sent to your registered e-mail address.

In case of any queries/difficulties in registering the e-mail address or any other matter related to this Notice, Members may write to the Company at compliance.officer@indiaglycols.com.

The Notice convening the 41st AGM has been uploaded on the website of the Company at www.indiaglycols.com under Investor Relations Section and can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and the National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com, respectively and the same is also available on the website of NSDL (agency for providing the Remote e-Voting facility) i.e. www.evoting.nsdl.com.

13. In pursuance to the provisions of Section 124 and 125 of the Act read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended, ("IEPF rules") read with relevant circulars, the amount of dividend remaining unpaid / unclaimed for a period of seven years from the due date is required to be transferred to the credit of the Investor Education and Protection Fund ("the IEPF") established by the Central Government compliance. Accordingly, during the FY 2024-25, the Company transferred ₹8,96,643/- related to final dividend for FY 2016-17. Further, pursuant to the applicable provisions, all shares in respect of which dividend remained unpaid/ unclaimed for seven consecutive years or more are required to be transferred to the designated demat account of the IEPF Authority ("IEPF Account"). Accordingly, during the FY 2024-25, 59,403 equity shares of ₹10/- each, on which the dividend remained unpaid/ unclaimed for seven consecutive years, were transferred to the IEPF Account, after completing all the procedural formalities in this regard.

The Company has uploaded the details of unpaid and unclaimed dividends lying with the Company on the website of the IEPF i.e. www.iepf.gov.in. These details along with details of shareholders whose shares were transferred to the IEPF authority have also been uploaded on the website of the company at <https://www.indiaglycols.com/compliances/>.

Members may note that the due date of transfer of unclaimed/unpaid final dividend declared for the FY 2017-18 and the concerned shares is 1st September, 2025. Therefore, Members who have not encashed the dividend warrants so far are requested to claim the same to avoid transferring to the unpaid/ unclaimed dividend and respective shares to the IEPF Authority and IEPF Account, respectively.

The Members may also note that no claim shall lie against the Company in respect of said dividend(s) and shares, upon their transfer to IEPF. However, the same can be claimed back from IEPF after complying with the procedure prescribed under the IEPF rules by visiting the weblink: <http://iepf.gov.in/IEPF/refund.html>. For any related information, the RTA [e-mail: admin@mcsregistrars.com] or the Company may also be contacted.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

The following statement sets out all the material facts related to Special Business mentioned under item No’s. 4 and 5 of the Notice dated 30th May, 2025.

ITEM NO. 4

The Board of Directors (“the Board”) of the Company on the recommendation of the Audit Committee, at their meeting held on 16th May, 2025, approved the appointment of M/s R.J. Goel & Co., Cost Accountants to conduct the audit of cost records of the Company for the financial year ending 31st March, 2026 at a remuneration of ₹ 4,50,000/- (Rupees Four Lakh Fifty Thousand only) plus applicable tax and reimbursement of out-of-pocket expenses, if any. While appointing them, the Audit Committee and the Board has considered, inter-alia, experience, team size, domain expertise and scope of work to be undertaken by them.

Pursuant to the provisions of Section 148 of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor, as recommended by the Audit Committee and approved by the Board has to be ratified by the Members of the Company.

Accordingly, consent of the Members is being sought by way of an Ordinary Resolution for ratification of the remuneration payable to the cost auditor for the financial year 2025-26.

None of the Directors/Key Managerial Personnel of the Company or their respective relatives are in any way, concerned or interested, financially or otherwise, in the Ordinary Resolution at Item No. 4 of the Notice.

The Board recommends the resolution set out at item No. 4 of this notice for approval of the Members as an Ordinary Resolution.

ITEM NO. 5

Pursuant to the provisions of Section 204 of the Companies Act, 2013 (“the Act”) and rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, as amended, every listed company shall annex a Secretarial Audit Report with its Board Report which shall be issued by a Company Secretary in practice. Further, Regulation 24 A of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”) requires listed entities to undertake Secretarial Audit by Secretarial Auditors.

Regulation 24 A of the SEBI Listing Regulations, inter alia, provides that with effect from 1st April 2025, every listed Company is required to appoint a Practicing Company Secretary for not more than one term of five consecutive years

or a firm of Practicing Company Secretaries for not more than two terms of five consecutive years, as a Secretarial Auditor, with the approval of the members at its Annual General Meeting ("AGM") and such Secretarial Auditors must be a peer reviewed company secretary and should not have incurred any of the disqualifications as specified under the SEBI Listing Regulations. Further, as per the said Regulation, any association of the individual or the firm as the Secretarial Auditor(s) of the Company before 31st March 2025 shall not be considered for the purpose of calculating the tenure of the Secretarial Auditor.

Accordingly, based on the recommendation of the Audit Committee, the Board of Directors at their meeting held on 16th May, 2025, subject to the approval of shareholders, has approved the appointment of Mukesh Agarwal & Co., Company Secretaries, New Delhi (Certificate of Practice No. 3851, Peer Review No. 1875/2022) ("MA & Co.") as the Secretarial Auditors of the Company for five consecutive years, commencing from FY 2025-26 till FY 2029-30 to conduct Secretarial Audit of the Company and to provide the Secretarial Audit Report for the aforesaid period. While recommending the said firm's appointment, the Audit Committee and the Board has considered and evaluated their credential and various factors, including the industry experience, technical skill and audit quality, report etc. The proposed remuneration to be paid to MA & Co. for Secretarial Audit for the FY ended 31st March, 2026 would be ₹1,45,000 plus applicable taxes and out of pocket expenses. For the subsequent years, the Audit Fees would be determined by the Board of Directors from time to time based on the recommendation of the Audit Committee and in consultation with the Secretarial Auditor. Additionally, MA & Co., shall also provide such other permitted services including issuing certificates, as approved by the Board of Directors.

MA & Co. is a leading practicing Company Secretary peer reviewed proprietorship firm (PR No. 1875/2022) having office in Delhi, consists of Mr. Mukesh Kumar Agarwal (Proprietor), qualified/semi qualified Company secretaries and trainees. The said firm has over 2 decades of vast experience in Secretarial Audits, Internal audits, Merger, Demerger, Corporate laws, various SEBI Regulations, Corporate Advisory etc. The firm

is acting as auditors to various companies including listed companies and has a track record of integrity & independence and provides valuable insights to clients.

MA & Co. have consented to said appointment and their appointment, if made, would be within the limits specified under applicable provisions of law. They have further confirmed that they are not disqualified to be appointed as Secretarial auditors and also confirmed that they hold a valid certificate issued by the Peer Review Board of the Institute of Company Secretaries of India.

In view of the above, the consent of the members is being sought by way of an Ordinary Resolution for appointment of MA & Co. as Secretarial Auditors of the Company for a consecutive term of 5 (five) years.

None of the Directors/Key Managerial Personnel of the Company or their respective relatives are in any way, concerned or interested, financially or otherwise, in the Ordinary Resolution at Item No. 5 of the Notice.

The Board recommends the resolution set out at item No. 5 of this notice for approval of the Members as an Ordinary Resolution.

The dividend recommended is in accordance with the Company's Dividend Distribution Policy ("the Policy") adopted in pursuance to the provisions of Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("SEBI Listing Regulations"). The Policy contains broad parameters and factors while recommending/declaring dividend(s) by the Board of Directors. The Policy is available on the Company's website at <https://www.indiaglycols.com/wp-content/uploads/2023/08/Dividend-distribution-policy.pdf>.

Performance Review

Building on the momentum of FY 23-24, your Company marked FY 2024-25 as second consecutive year of strong, broad-based growth across all business segments underscoring the strength of its diversified portfolio and the disciplined execution of Company's strategic roadmap. From top-line achievements to operational excellence, every business played a critical role in driving the Company forward and delivering remarkable results.

The Company's Capex on grain-based distillery is largely complete and during the year under review, grain-based distillery capacities at Kashipur Plant were augmented making the total installed capacity to 500 KLPD (added 100 KLPD during FY 24-25). Whereas, the Bio-Fuel Ethanol Plant (Ethanol to Bio-Fuel conversion) at Kashipur has a scaled up capacity of 590 KLPD (addition of 180 KLPD during FY 24-25). The facilities for New Value-Added Chemical Products at Kashipur were further enhanced by 2,500 MT/ p.a. (subject to product mix), making the total capacity to 7,500 MT/p.a.. Similarly, during the year under review, the Gorakhpur Plant also successfully increased its capacities and the Plant's total combined capacity (grain based distillery and Bio-fuel Ethanol Plant) now stands at 310 KLPD. All these expanded capacities are now fully commissioned and are expected to contribute in cashflows significantly. The augmented capacities are further steps in the direction to obtain self-sufficiency for Company's Alcohol requirements. The smooth supplies of broken rice from Food Corporation of India and import of Alcohol at competitive prices supported the supply chain and margins.

During the FY 2024-25, on a standalone basis, your Company registered gross revenue of ₹9,052 Crore as compared to ₹7,944 Crore in FY 2023-24, an increase of about 14% indicating strong growth. The profit after depreciation and tax for the FY 2024-25 was ₹180 Crore in comparison of ₹152 Crore in the FY 2023-24. Despite the challenging market conditions, the Bio-based Specialties and Performance Chemicals ("BSPC") segment registered a marginal decrease of about 2% in revenue over the last year, while registering a healthy topline and good margin growth. The Potable Spirit segment achieved a significant growth by recording an increased revenue of over 13% as well as good growth in margins over the previous year which was through portfolio premiumisation, markets expansions, strategic tie-ups with premium partners and channelizing the para-military and Canteen Stores Department ("CSD") business. The new added segment of Bio-fuels (carved out from BSPC segment during Q1/FY25) demonstrated a bumper revenue growth of over 100% benefiting from supportive regulatory tailwinds and improved ethanol blending rates. Ennature Bio-Pharma continued its upward trajectory with strong demand across key natural ingredient categories support from enhanced manufacturing capacities and expansion into the high-margin Branded Nutraceutical Ingredients segment and registered a revenue growth of about 7% over the previous fiscal year.

Depending upon the product mix and margins, the Company continued to optimize the usage of imported alcohol and in-house capacities. Under the current scenario, the outlook for the near future remains positive.

During the year under review, no amount was transferred to reserves.

Bio-Based Specialities and Performance Chemicals

Bio-based Glycols, Bio-Polymers and Industrial Gases

IGL, a leading manufacturer of bio-based glycols, ethanol, and industrial gases, continues to carve a path of sustainability and innovation in various sectors. With a focus on renewable sources, strategic partnerships, and cutting-edge technologies, IGL is reshaping industries while aligning with global sustainability goals.

In the **bio-based glycols** segment IGL continues to remain a unique manufacturer offering low carbon solutions in the packaging and textile fiber applications. IGL stands out with its flagship product, Bio-based MEG, renowned for its significantly reduced carbon footprint. Despite challenges in the chemicals market, including declining prices of petro-based MEG and economic slowdowns, IGL navigated through innovation, retaining sales volume and expanding market share in Far East and SE Asia by developing strategic partnerships and creating brand segmentation. IGL is also trying to create a niche market for its Ethylene Glycol Ethers in the paints and thinners, electronic chemicals, specialty printing inks and industrial cleaners.

In the domain of **bio-polymers**, IGL leverages India's abundant guar resources, catering to diverse industries such as oil drilling, textiles, food, and water treatment. Despite challenges in the shale gas industry, IGL anticipates growth opportunities driven by oil drilling activities and diversification into new end applications beyond the oil field segment. The Company registered a sale value of ₹ 37 Crore during FY 2024-25.

IGL is committed to a green environment and had embarked on a new journey with the introduction of specialty chemical products. With a focus on sustainability and efficiency, your Company enhanced the New Specialty Unit plant capacity to 7,500 MT/per annum (earlier 5,000 MT) (depending on the product mix) during FY 2024-25. This unit aims to develop innovative chemistries, including bio-amines, biopolymers, green solvents and also customized products for various end applications including oilfield. The Company has bagged sizable orders from oil & gas major companies which is an encouraging trend. IGL's products are under different stages

of approval with many large MNC's and your Company is assured of large offtake in coming years, thus ensuring significant growth in this segment. By staying at the forefront of technological advancements and fostering a culture of innovation, IGL is poised to redefine industry standards and meet evolving market demands.

In the **industrial gases sector**, IGL continues to excel, with a focus on quality and customer satisfaction. With significant sales growth in Liquid CO₂ and other industrial gases, coupled with initiatives to enhance quality control, IGL maintains its position as a trusted supplier in both domestic and international markets. With setting up of new capacities by other players, the scenario looks challenging but IGL is confident of growth in this market with its superior quality and technology and many years of goodwill earned through better customer service. The Company registered a sale value of ₹ 58 Crore during FY 2024-25.

Sales of Glycols [Monoethylene Glycol (MEG), Diethylene Glycol (DEG), Triethylene Glycol (TEG), Heavy Glycols and Glycols Ether] have increased to 47,183 MT in FY 2024-25 in comparison to 44,502 MT during the last fiscal 2023-24 and the sales value was at ₹ 1,177 Crore and ₹ 1,206 Crore respectively.

During the year, your Company produced 47,146 MT of Glycols compared to 40,699 MT last year.

The Bio-based Specialty and Performance Chemical segment has been discussed in more detail in the Management Discussion and Analysis Report which forms part of this Report.

Power Alcohol (Bio-Fuels)

In pursuance to the provisions of applicable Ind AS, the Company had created a new segment for Bio-Fuels w.e.f. Q1/ FY 25. The segment is poised for a good growth driven by the Government policies. The Company has been a supplier of Ethanol/Bio-Fuels to Oil Manufacturing Companies ("OMC's") through tender participation as per Government of India's Ethanol Blending Programme ("EBP") and during the year under review, the Company has been allocated quantities for supply of 19.82 Crore liters of Ethanol (revised from the earlier allocation of 18.06 Crore liters) with an estimated value aggregating to ₹ 1,387.40 Crore (up from the previous estimate of ₹ 1,264.20 Crore) under EBP during Ethanol Supply Year ("ESY") from 1st November, 2024 till 31st October, 2025. During the previous ESY, the Company was allocated quantities of 16.55 Crore lites of Ethanol with an estimated value aggregating to ₹ 1,164 Crore.

The actions to augment the capacity of Bio-Fuel ethanol plant at Kashipur were completed during the year under review, accordingly, the scaled up capacities stands at 590 KLPD at Kashipur and 310 KLPD(combined with grain distillery) at Gorakhpur.

During the year under review, the Company registered a revenue of ₹ 1,043 Crore from sale of Power Alcohol as compared to ₹ 512 Crore during previous year.

Potable Spirits (IMFL & Country Liquor) and ENA

In the potable spirits segment, IGL's has two state-of-the-art distilleries which produce premium quality Indian Made Foreign Liquor ("IMFL") brands in addition to its traditional business of manufacturing world class ENA made out of bio-resource (Molasses and grain), catering to domestic and international markets. We continue to maintain our leadership position in the branded country liquor segment as well.

Further, the Company continues to be a major player in North India for domestic pharma markets. It remains a trusted and reliable supplier to many well established pharma, homeopathic and perfumery companies.

Partnership with Bacardi:

Our business partner Bacardi International makes their full range of brands right from RTD (Ready To Drink) Breezers to their flagship Bacardi Carta Blanca. Its gives us pride to mention that Bacardi at its home plant at Bangalore uses our best quality ENA. This is a testimony of the best quality of ENA being produced by your Company. We are also pleased to mention that Bacardi supplies all its brands to various states in North and East India territory.

During the year, your Company registered gross sales value of ₹ 6,306 Crore as compared to ₹ 5,558 Crore last year in the Potable Spirits division.

Leadership in Country Liquor:

Your Company has the license for operations and sale of branded Country Liquor in the States of Uttar Pradesh and Uttarakhand and continues to maintain the commanding position in both states. We are delighted to mention that in Uttarakhand our brand Malta Whisky enjoys a leadership position.

The Company is producing **IMFL** brands from its Gorakhpur and Kashipur unit and has a healthy market position with wide portfolio of brands in whisky and vodka categories. In the IMFL segment, the Company has a wide portfolio of brands across spectrum of Whisky and Vodka segments which have been well accepted across markets by the consumers.

Our Amazing Vodka brand is among the top three Vodka in the States we have launched i.e. Uttar Pradesh, Uttarakhand and Delhi. We launched Cranberry flavour with great success in Uttar Pradesh followed by Uttarakhand. IGL Zumba Lemoni™ is our tactical brand made out of citrus flavour which goes well with our tropical climate. We are glad to mention that IGL Zumba™ gained good traction in the market and we plan to take the brand national.

During the year under review, the Potable Division-IMFL received the Spiritz Selection Award(Gold) for Amazing Premium Grian Deluxe Vodka (Green Apple).

During the year under review, your Company has partnered with Amrut Distilleries Private Limited, Bengaluru, wherein, the Company is manufacturing, bottling, marketing and selling Amrut's premium brands for Whisky, Brandy and Rum segments, on royalty basis for different north Indian states. These brands include "Amrut's Maqintosh Special Edition", Amrut's Maqintosh White Label(whisky), Amrut's Bejois XO(Brandy) and Amrut's Old Port(Rum).

All these brands compliment IGL's organic brands namely Soulmate Whisky (did a million cases last year), Beach House XXX Rum, Amazing Vodka & its flavours – Green Apple, Cranberry & Orange, Zumba Lemoni Naturally Citrus White Rum and Zumba Black Spiced Rum (Dark Rum).

With this now IGL has complete portfolio of brands and is poised to gain market share in all segments in the next couple of years.

The Excise Policy in Delhi offers a lucrative space for IMFL players and as such continues to be a high growth market for the Company. Our Soulmate Blu whisky is one of the leading brands being sold in this category.

Your Company is a registered supplier to the Indian Defence forces through CSD & Para Military Forces and have gained significant pie in Para Military business. Over the last year, our Para Military Business has been doing very well. From three brands in FY 23-24, we are presently supplying five brands namely Beach House XXX Premium Rum, Single Reserve Deluxe Whisky, Soulmate Blu Whisky, IGL Zumba Lemoni Citrus Rum and IGL Zumba Black Spiced Rum to Para Military Forces in various States of India.

Ennature Bio-Pharma

The Ennature Bio-pharma division of the Company operates in the space of Plants based Active Pharmaceuticals Ingredients (APIs), Nutraceuticals and Nicotine. Ennature Biopharma is a global leader in Thiocolchicoside API, a highly potent muscle relaxant and also in Nicotine and its derivatives. The division continues to have a strategic partnership with Algatechnologies (Part of the Solabia Group, France) for highly specialized Astaxanthin and Fucoxanthin ingredients.

The manufacturing facility is located at Dehradun and is accredited with EU-GMP certification from the European agency(EDQM), WHO GMP, Current Good Manufacturing Practices (CGMP), ISO 9001, ISO 16128, ISO 22000, Hazard Analysis and Critical Control Points (HACCP), Kosher and Halal. The division holds a CEP (Certification of Suitability)

from EDQM for its two flagship APIs-Thiocolchicoside & Colchicine which certifies that our APIs are in line with the highest European standards of quality, safety and efficacy. The division has an advanced production facility, including Super Critical CO2 Fluid Extraction (SCFE) & solvents' extraction facility, for production of APIs of plant origin, standardized & branded Nutraceutical ingredients as well as Nicotine & its derivatives.

The division is fully supported by a well equipped R & D center with capability to develop products from lab to commercial scale. The R & D center is fully integrated-from chemistry and formulation development to analytical research and process optimization.

The division has registered sales value of ₹ 217 Crore for FY 2024-25, as compared to ₹ 202 Crore in previous year, registering an increase of about 7%.

The APIs derived from plant sources continued to register a steady growth and remained one of the leading player in global markets. While retaining its leadership position for Thiocolchicoside in the export market, the division has also established itself as the market leader the domestic segment. In Nicotine segment, focus remained on efficiency enhancement initiatives and aggressive diversification of customer base and building a value added pharma customers for Nicotine Replacement Therapy products. The Company is also developing new APIs in order to reduce dependency on the Thiocolchicoside. In Nutraceuticals business, the division established its presence in South East Asian markets and continue to expand its footprint in the USA. Further, during the year under review, the division has received Clean Label Project ("CLP") verification for its branded Nutraceuticals ingredients-Maxicuma and Xanthogreen – reinforcing our commitment to enhance product safety and quality in the global markets. The Company has successfully added couple of branded specialty Nutraceuticals ingredients using proprietary patented technology platforms. In order to remain competitive and protect its intellectual property, the Company in addition to the existing filed patents had also filed a new patent application during the period under review.

The division continue to have better margins for Thiocolchicine and Colchicine due to cost reduction by enhancing the process efficiency. The Company has achieved highest ever export volumes for Thiocolchicoside.

Future Outlook- Expansion, Modernization and Diversification

IGL has consistently prioritized innovation in both products and processes by leveraging sustainable chemistries and renewable resources. This strategy has helped the Company maintain market leadership in value-added products and

strengthen its competitive position with end-users. This success is driven by the integration of advance technologies and robust safety systems, which guarantee reliable product quality. To better meet customer expectations, IGL has implemented a New Product Development (NPD) system designed to deliver timely and innovative solutions. The Company has transformed from a producer of renewable chemicals into a global leader in Specialty Chemicals, utilizing C-smart and bio-based feedstocks- surpassing several global competitors. Cost efficiencies in high volume products have been realized through validated processes that improve yields, boost production efficiency, and incorporate alternative raw materials. These improvements have shortened the batch cycles, reduced utility expenses and ensured consistent product availability.

The Company has identified and is actively working on the following key areas to drive growth:

- I. New Bio-based Specialties.
- II. Polyglucoside chemistries.
- III. Carbon smart based Specialties.
- IV. Green Solvents including Bio- Amine Chemistry.
- V. Biopolymers/ Specialty Block-co-Biopolymer and its derivatives.
- VI. Potable Spirits.
- VII. Bio-fluel.
- VIII. Ennature Biopharma – Nutraceuticals and Plant based API's.

IGL positions itself as a trusted partner for customers, supporting them in meeting their sustainability goals. Its upcoming product lines are designed to promote a circular economy and drive further progress in sustainable development. The Company has strategically identified new opportunities to expand its portfolio with value-added, eco-conscious products.

By emphasizing the use of bio-based and environmentally friendly ingredients, IGL aligns with global sustainability trends while addressing the growing market demand for green solutions across multiple sectors. The integration of high-performance chemicals ensures that these products deliver superior effectiveness and reliability.

A major strength of IGL is its in-house R&D team, which is dedicated to developing each product using advanced, innovative techniques. This ensures the creation of forward-thinking solutions that are not only environmentally responsible but also meet the evolving demands of key industries.

As we begin this journey of exploration and innovation, we understand the value of working together. After successfully opening our R&D center in Kashipur, we are further expanding our research capabilities by setting up a new pilot facility to develop specialty molecules. We are also working to increase our production capacity. IGL is committed to building strong

relationships with customers, suppliers, and industry partners, using shared knowledge and resources to achieve success together.

The launch of new product lines and the growth of our specialty chemicals division mark a significant and promising phase in IGL's journey. With a strong focus on quality, innovation, and sustainability, we are well-positioned to embrace emerging opportunities, tackle challenges, and move confidently toward a more successful and sustainable future—for both the Company and its partners.

The Company has made notable progress in becoming more self-reliant and innovative. The commissioning of grain-based distillery plants in Kashipur and Gorakhpur has been instrumental in this achievement, helping reduce dependence on ethanol imports and supporting the nation's ethanol blending initiatives.

In line with its sustainability vision, IGL has implemented innovative waste management practices. The Company has established a plant to manufacture granulated potash fertilizer utilizing potash-rich fly ash generated from slop incineration boilers. This initiative not only addresses environmental concerns by converting waste into valuable products but also aligns with IGL's strategy of creating wealth from waste.

As IGL navigates new challenges and seizes emerging opportunities, strong collaboration and strategic partnerships continue to be key to its success. Driven by a dedication to quality, innovation, and sustainable growth, IGL is focused on building a stronger and more successful future for the Company and all its stakeholders.

Conservation of Energy, Technology Absorption, Foreign Exchange Earnings & Outgo

Your Company continuously pursues initiatives to improve energy efficiency and lower greenhouse gas (GHG) emissions. The Company has implemented a cutting-edge technology to turn distillery spent wash into fuel at the Kashipur and Gorakhpur plants. Multiple effect evaporators are used to concentrate the spent wash, which is then used in boilers as renewable fuel, partially replacing the coal. The high-pressure steam that is produced is used to generate power through turbines, while the low-pressure steam that is extracted following turbine operations is efficiently used in the plant processes. The renewable power generated through turbines also substitutes fossil fuel-based grid power, thereby further reducing the carbon footprint.

Further, reinforcing commitment to sustainable development, the Company has been maintaining certification for Energy Management System (ISO 50001:2018) under the Integrated Management System since 2013.

The details on Energy, Technology Absorption, Foreign Exchange Earnings & Outgo in accordance with the provisions of Section 134(3)(m) of the Act read with Rule 8 of the Companies (Accounts) Rules, 2014 are given at “**Annexure B**” to this report.

Corporate Social Responsibility

Corporate Social Responsibility (“CSR”) is a way of conducting business, by which corporate entities visibly contribute to the social good and the welfare of society at large with an aim to improve quality of life of people. The Company feels that the essence of CSR is to integrate economic, environmental and social objectives with the Company's operations and growth. CSR is the process by which an organization thinks about and evolves its relationships with society for the common good and demonstrates its commitment by giving back to the society for the resources it used to flourish by adoption of appropriate business processes and strategies. To give further impetus to this cause, the Company endeavors to manage its operations with an emphasis on Sustainable development to minimize impact on environment and promotes inclusive growth.

The CSR policy of the Company is available on the website of the Company at <https://www.indiaglycols.com/wp-content/uploads/2023/08/csr-policy.pdf>

The Company's CSR policy statement and the annual report on CSR activities undertaken during the financial year ended 31st March, 2025, in accordance with the provisions of Section

135 of the Act read with the Companies (Corporate Social Responsibility Policy) Rules, 2014, is given at “**Annexure C**” to this Report.

Annexure B
PARTICULARS AS REQUIRED UNDER SECTION 134(3)(m) OF THE COMPANIES ACT, 2013 AND THE COMPANIES (ACCOUNTS) RULES, 2014
(A) CONSERVATION OF ENERGY
(a) Steps taken or impact on Energy Conservation:

- TG-3 modification to meet the low-pressure steam requirement considering the distillery expansion at reduced condensing steam through turbine (Savings realized net of power generated from LP steam and reduced condensing steam) .
- Replacement of traditional lamp with LED lamp in phased manner, resulting power saving.
- Recovery of process steam condensate increased from 35% to 48% of total steam generation, resulting in steam savings at the boiler deaerator.
- Recycling of spent lees and vacuum pump drain water within the distillery has led to significant savings of DM water and steam.
- Steam consumption reduced through fermentation process optimization in the grain distillery by bypassing the jet cooker.
- A 7.0 MW high-RPM energy-efficient turbine generator (TG) was commissioned at the Gorakhpur facility to enhance steam to-power conversion efficiency in line with the distillery's capacity expansion. The new TG has reduced reliance on external power from UPPCL, and the plant now exports surplus captive power to the UPPCL grid.
- Installed variable frequency drives (VFDs) on high-capacity motors to optimize power usage based on operational demand, resulting in energy savings.
- Commissioned a sludge settling system in the fermented wash process to reduce suspended solids, minimizing scaling in the analyzer column and reboiler, increase the working hours of evaporator & enhancing evaporator plant performance, and contributing to steam savings.

(b) Steps taken by the Company for utilizing alternate sources of energy:

Commissioned a 55 Ton per Hour, state-of-the-art single-furnace slop-fired boiler, which enhances the utilization of concentrated spent wash for steam generation. This has led to a reduction in rice husk and coal consumption. Additionally, the boiler's efficiency has improved by lowering the flue gas temperature at the outlet.

(c) Capital Investment on energy conservation equipments:

During the year, the Company invested ₹ 4,264.86 lakh in energy conservation equipments.

(B) TECHNOLOGY ABSORPTION
(a) The efforts made towards technology absorption:

Development of new cost effective feed stock (RM) source.

(b) Benefits derived like product improvement, cost reduction, product development or import substitution:
1. Product Improvement

- Development of clinically validated and bioavailable formulations (e.g., MAXICUMA®) enhances therapeutic efficacy and consumer trust.
- Use of advanced delivery systems (e.g., taste-masked and sustained-release formats) improves patient adherence and product appeal.

- In-house analytical capabilities (HPLC, LC-MS/MS, GC-MS) ensure consistent product quality, stability, and compliance with global standards.

2. Cost Reduction

- Solvent recovery and recycling through SCF-CO₂ and ethanol extraction significantly lowers raw material and operational costs.
- Use of biomass-generated energy from plant residues offsets fossil fuel use, reducing energy costs by covering significant thermal requirements.
- Zero-waste manufacturing systems reduce environmental compliance costs and waste disposal expenditures.

3. New Product Development

- Launch of platform technologies like LIMAN™ and SCEMOD™ has opened avenues for new formulations with enhanced solubility and delivery.
- Ongoing R&D in bitterness masking and herbal extract optimization is generating novel IP and pipeline expansion opportunities.

4. Import Substitution

- Localized, farm-to-formulation ingredient sourcing reduces dependence on imported raw materials and ensures traceability.
- Development of high-quality, India-origin botanical extracts replaces foreign-sourced nutraceuticals in domestic and export markets.
- Adoption of international compliance standards (EU-GMP, ICH, OECD, USP, Ph. Eur.) positions Ennature as a viable global supplier, replacing the need for imports.

(c) In case of imported technology (imported during the last 3 years reckoned from the beginning of the financial year)

- (a) Details of technology imported:- Nil
- (b) Year of import:- Nil
- (c) Whether the technology been fully absorbed:- NA
- (d) If not fully absorbed, areas where absorption has not taken place and the reasons thereof:- NA

(d) Expenditure incurred on Research and Development:

MANAGEMENT DISCUSSION & ANALYSIS

Management Discussion & Analysis Report

Economy and Industry Overview

The global economy in fiscal year 2024–25 navigated a complex landscape marked by moderate growth, evolving inflation dynamics, significant geopolitical tensions and policy uncertainties. Most of the agencies including International Monetary Fund (IMF) has predicted the global growth forecast at 2.5% to 2.7%, below the long-term average.

Amongst all economies, the Asia-Pacific region has demonstrated relative resilience, with India emerging as a particularly strong performer. The 2024 general elections in India marked a pivotal moment, reinforcing political stability and investor confidence which are critical for sustaining economic momentum. India is projected to maintain a robust growth rate of 6.5% in 2025-26, supported by strong domestic demand and structural reforms. Now ranked as the world's fifth-largest economy, India is set to maintain its status as the fastest-growing major economy. Key sectors such as manufacturing and chemicals are at the heart of this expansion. The country is also benefiting from shifts in global supply chains, as companies seek alternatives to China amid trade tensions.

The Indian chemical industry, a cornerstone of industrial growth, contributing approx. 7% to country's GDP and is deeply integrated into everyday life. With global companies looking to de-risk supply chains, India is increasingly viewed as a strategic hub in the global chemical value chain. The sector is expected to grow from USD 250 billion to USD 300 billion by 2025, supported by policy measures including the Production Linked Incentive (PLI) and Atamnirbhar Bharat scheme.

What is noteworthy is India's liquor industry which showcases strong growth potential. With a volume of approximately 350 million cases in 2025, the market is projected to expand at a CAGR of over 6 %, reaching about 450 million cases in next couple of years. This growth is driven by premiumization which emanates out of aspirational Indian consumer who wants to uptrade in the value chain all the time. The Indian consumer is evolving in consumer preferences, increasing cultural diversity that supports varied consumption patterns.

India is taking significant steps toward securing its energy future by embracing sustainable practices like ethanol blending. The government's proactive approach to ethanol blending is evident in its decision to advance the target of 20% ethanol blending from 2030 to 2025, demonstrating a strong commitment to sustainable energy practices.

Together, the chemical and liquor sectors are dual engines propelling India's economic growth. Through innovation, strategic collaborations, and market diversification, these industries continue to create new opportunities. As India advances on its development path, these sectors exemplify the country's resilience, adaptability, and entrepreneurial vigor.

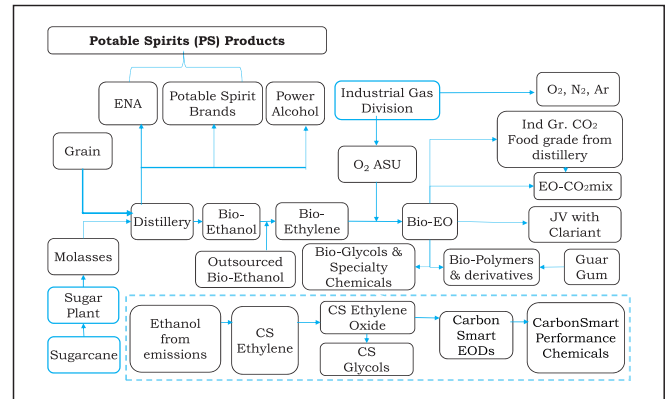

IGL, as the only Indian company solely focused on bio-based ingredients and performance chemicals. With a strong commitment to sustainability and innovation, IGL is recognized as a key player in India's chemical manufacturing landscape.

Products

IGL is one of the leading manufacturers with its presence in Bio-Based Specialties and Performance Chemicals, Potable Spirits, Bio-Fuels, Ennature Biopharma, Bio Polymers, and Industrial Gases. Our state-of-the-art manufacturing facilities are working to provide sustainable value-added products using superior technologies.

The manufacturing building blocks are as presented below:

Manufacturing Building Blocks

The Company has organised its business into:

A. Bio-Based Specialties and Performance Chemicals ("BSPC") having following :-

- Bio-based Glycols (MEG, DEG, TEG and Heavy Glycols), Glycol Ethers, Glycol Ether Esters, Specialty chemicals, Bio-Polymers and Industrial Gases.
- Bio-based Ethylene Oxide.

B. Potable Spirits-Indian Made Foreign Liquor ("IMFL"), Branded Country Liquor and ENA (Extra Neutral Alcohol).

C. Power Alcohol (Bio Fuel).

D. Ennature Biopharma.

The segment wise business share is indicated as below:-

Segment	Gross Revenue 2024-25 (₹ In Crore) (Domestic + Exports)	% Share
A. BIO-BASED SPECIALTIES AND PERFORMANCE CHEMICALS	1,341	14.84
B. POTABLE SPIRITS	6,434	71.19
C. POWER ALCOHOL (BIO FUEL)	1,044	11.55
D. ENNATURE BIOPHARMA	219	2.42
TOTAL	9,038	100

Bio-Based Specialties and Performance Chemicals Segment (BSPC)

During the year under review, Gross revenue in Bio-Based Specialties and Performance Chemicals Segment was ₹1,341 Crore in comparison to ₹1,626 Crore in FY 2023-24. This segment has contributed 14.84 % of the gross revenue of the Company.

FY	2022-23	2023-24	2024-25
Bio-Based Specialties and Performance Chemicals Gross Revenue (₹ in Crore)	1,578	1,626	1,341

Note: Post creation of separate segment for Bio-fuel business w.e.f. Q1/FY25, its revenue has been reported separately and does not form part of BSPC segment. Hence, previous years number are different.

Bio-based Glycols

India Glycols Limited (IGL) is a leading producer of Bio-based glycols including Monoethylene Glycol (MEG), Diethylene Glycol (DEG), Triethylene Glycol (TEG) and Heavy Glycols and ethanol derived from renewable sources. Our flagship product Bio-based MEG offers a significantly reduced carbon footprint aiding companies in achieving their sustainability objectives aligned with the UNSDGs (United Nations Sustainability Development Goals). The Glycols market has been experiencing certain challenges such as:

Market Dynamics: An oversupply of petrochemical-based MEG, particularly from regions like Middle East and China, has led to declining prices and intensified competition.

Geopolitical Factors: The Russia-Ukraine conflict has resulted in elevated energy and processing costs, impacting the operational efficiency of PET and polyester plants and reducing MEG demand.

Policy Shifts: Changes in U.S. market policies favoring recycled PET are expected to create some headwinds for the Bio-MEG sector.

In response to these challenges, IGL has implemented several strategic initiatives:

Market Diversification: By forming strategic partnerships and employing innovative marketing techniques, IGL has expanded its market share in the Far East and Southeast Asia, offsetting reduced demand in U.S. and European markets.

Sustainability Initiatives: Collaborations with international technology innovators have enabled IGL to convert ethanol from recycled industrial carbon emissions into MEG, providing sustainable sourcing options for consumers.

Client Focus: IGL continues to cater to multinational corporations and large enterprises committed to environmental sustainability, supplying Bio-MEG produced from renewable feedstock to industries such as beverage, packaging, and textile fibers.

For Bio-based Glycols & Others (other than Glycol Ether & Specialty Chemicals), the Company registered a sales value of ₹ 885 Crore during the year under review as compared to ₹ 933 Crore during previous year. The sales volume for glycols was 27,736 MT and 25,108 MT in the corresponding years.

The global MEG market is projected to grow, with estimates indicating an expansion from USD 24.16 billion in 2022 to USD 30.98 billion by 2030, at a compound annual growth rate (CAGR) of 3.2%. This growth is primarily driven by increasing demand for polyester fibers in the textile industry, particularly in the Asia-Pacific region. In India, robust domestic PET demand and growth in textile and apparel exports are expected to sustain MEG demand, with the Indian MEG market witnessing a CAGR of around 7-8%, surpassing the global average. IGL anticipates opportunities in green markets where the acceptance of Bio-MEG is increasing. With new customers adopting Bio-MEG as a green alternative, we foresee steady growth in the foreseeable future.

Glycol Ethers

India Glycols Limited has encountered significant challenges in its Glycol Ether business, primarily due to a pronounced decline in international prices of competing products such as Butyl and Propyl Glycol Ethers. This downturn is largely attributed to reduced feedstock costs in China, a major global producer, leading to more competitively priced Chinese products in Southeast Asian markets. Consequently, IGL experienced a reduction in sales to both China and Southeast Asia. The ripple effect of these low prices also impacted the domestic market, compelling traders to align their prices with Chinese import levels.

In response to these market dynamics, IGL has proactively adjusted its pricing strategies to maintain competitiveness and protect its market share. Beyond pricing adjustments, the company is emphasizing sustainability and innovation to differentiate its products. By positioning key glycol ether products as green alternatives, IGL aims to cater to the growing global demand for environmentally friendly chemicals. The Company is exploring new applications with higher value addition to sustain sales volumes and enhance profitability.

The global glycol ethers market is projected to reach USD 9.9 billion by 2030, growing at a compound annual growth rate (CAGR) of 5.5% from 2025 to 2030. This growth is driven by increasing demand in sectors such as paints and coatings, pharmaceuticals, and personal care products. By focusing on sustainable solutions, strategic partnerships, and innovative applications, IGL is well-positioned to navigate the competitive landscape effectively and capitalize on emerging opportunities in the glycol ethers market.

The sales value remained ₹ 252 Crore in FY 2024-25 as compared to ₹ 265 Crore in FY 2023-24 whereas the sales volume were 19,447 MT and 19,394 MT in the corresponding year.

Specialty Chemicals

In line with its forward-looking growth strategy, IGL has embarked on an exciting journey introducing Performance Products. The commissioning of our state-of-the-art specialty unit marks a significant milestone in this endeavor, as we gear up to delve into the development of innovative chemistries that promise to redefine industry standards and meet evolving market needs and niche applications.

We have launched innovative value-added products for maximizing performance in Oil & Gas, Crop Protection and Industrial applications. These products have found a good success in terms of achieving sustainability targets for clients. Some of the key areas of focus for IGL in the upcoming financial year are the exploration and production of new innovative chemistries, with a keen eye on sustainability and efficiency. We are proud to announce the successful development and launch of Bio-Monoethanolamine specifically designed for cosmetics applications, including hair care and skin care. With this innovation, we have become the first company globally to develop bio-based Amines using more sustainable, renewable raw materials. This marks a significant step forward in our commitment to sustainability and green chemistry. Among the exciting new ventures on our horizon are the development of :

- Oil-Field Chemicals
- C-Smart Derivatives
- Crop-Protection
- Bio-Amines
- Bio-polymers and derivatives
- Green Solvents
- Non phthalate-based Plasticizers.

These cutting-edge products are poised to not only meet market needs but also set new benchmarks in terms of performance, sustainability and versatility. The production capacity of our specialty unit will be a primary focus in the coming months, as we strive to ramp up operations to deliver industrial-scale quantities of these innovative specialty chemicals to our customers. Our commitment to quality and reliability will remain unwavering as we navigate the challenges of scaling up production while maintaining stringent standards of excellence.

Moreover, IGL is dedicated to fostering a culture of innovation and continuous improvement within our organization. In addition to expanding our existing product portfolio, we are actively engaged in research and development efforts aimed at creating a robust pipeline of new products and chemistry. By staying at the forefront of technological advancements and market trends, we aim to anticipate future needs and seize opportunities for growth and expansion.

Recognizing the significance of collaboration, we're enhancing our R&D as well as the pilot plant capabilities.

The sales value achieved was ₹40 Crore in FY 2024-25 as compared to ₹8 Crore in FY 2023-24 whereas the sales volume were 2,049 MT and 958 MT, respectively.

Bio-based Ethylene Oxide

The Company continues to supply Bio-based Ethylene Oxide to its JV entity (Clariant IGL Specialty Chemicals Private Limited) as per the agreed terms.

The Company has also managed to develop a market for supply of EO within a limited distance in view of the safety aspects involved in transportation of EO over large distances.

Bio-Polymers

Guar, commonly known as cluster bean (*Cyamopsis tetragonoloba*), is a drought-resistant legume native to India, where it has traditionally been consumed as a vegetable. The endosperm of its seeds yields guar gum, a versatile biopolymer utilized across various industries. India is the leading producer of guar, contributing approximately 80% of the world's supply. Within India, Rajasthan stands out as the primary cultivating state, accounting for about 83% of the nation's guar production. Other significant producing states include Gujarat and Haryana. Beyond India, guar is cultivated in Pakistan, the United States, Australia, and parts of Africa.

The ability of guar gum to form a gel makes it useful in fracking where large volume is consumed. Also guar gum is a key ingredient of many industrial food products, from baked goods to ice cream, that need to retain moisture in order to have a long shelf life. There is a growing preference for natural additives which is leading to rising demand for natural additives /thickening agents. Which is driven by growing consumer preference for natural and sustainable ingredients. Also Guar Gum finds usage in a variety of industrial processes, such as mining, paper production, and textiles.

The demand for guar gum is closely linked to the oil and gas sector, particularly the shale gas industry in the United States. A decline in fracking activities, often due to falling crude oil prices, can lead to a significant drop in guar gum demand, impacting prices and export volumes. For instance, in 2015, a 60% fall in crude oil prices resulted in reduced demand for guar gum from the U.S., adversely affecting Indian exporters. Additionally, the guar industry faces challenges such as price volatility and climate dependence. Unpredictable monsoons and droughts can impact crop yields, leading to supply chain disruptions.

While the guar gum industry has faced challenges due to its reliance on the volatile oil and gas market, diversification into other sectors and the inherent versatility of guar gum position it for potential growth in the coming years. In order to grow its Biopolymer business volume, IGL is pursuing strategic alliances and strategic partnerships.

The shale gas industry in US was almost stagnant for past couple of years which led to marginal decline in sales. The sales value reduced from ₹ 39 Crore in FY 2023-24 to ₹ 37 Crore in FY 2024-25 and Sales volume remained 1,418 MT and 1,572 MT, respectively.

Industrial Gases

The Industrial gases business continues to be a key growth driver for the Company. During the year under review, Your Company's Gas Division achieved significant milestones in terms of sales volume and revenue growth.

The Air Separation Unit achieved notable sales milestones, including:

- Sale of 19,303 MT of Liquid Oxygen, with 2,242 MT exported to new customers in South Asia.
- Sale of 3,050 MT of Liquid Argon, sold at a favorable margin driven by strong demand and price appreciation.

The Gas Division produced 33,231 MT and sold 31,978 MT of Beverage and Industrial Grade Liquid Carbon Di-oxide LCO₂ from the Kashipur plant. Your Company has also done some debottlenecking of Liquid CO₂ plant which will improve the overall yield in the coming year and make larger volumes available for sale.

In line with its long term vision to build business on strength of superior quality your Company has taken steps to invest in upgradation of quality control equipment. IGL, Kashipur unit have adopted ISO 13485:2016 for its EO-CO₂ gas mixtures cylinder filling plant for 'Manufacturing, Sales & Distribution of Cylinders filled with Ethylene Oxide and Carbon Dioxide at different ratios applicable for Medical use which help in exploring new markets and expand customer base.

Your Company also produced ETO (Ethylene Oxide & Carbon Dioxide Gas Mixtures) under the trade name IGL-STERI GAS at its Kashipur Plant. This product is specifically designed for sterilization of Disposable Surgical & Medical Devices, It is also used for spices and packing substances like rubber, plastic etc. The Company has in-house facilities for production of EO and LCO₂ which are used in production of ETO and as such it is the only plant in India to have such manufacturing facility, which gives it a distinct edge over other suppliers in the market.

During the year under review, the Company has sold 1,796 MT of STERI Gas as compared to 1,431 MT in the last year.

With addition of many new facilities in ASU and Liquid CO₂, the environment is competitive. However, your Company feels that with dedication to quality and customer satisfaction it will have an edge over the competition, ensuring that your Company remains a market leader, the future seems positive.

The Industrial Gases business registered total sales of all gases of ₹ 58 Crore as compared to ₹ 52 Crore during the last year, an increased over 11% in comparison to the previous year.

Power Alcohol (Bio- Fuels)

Power alcohol presents a promising alternative to traditional fossil fuels, offering numerous environmental and economic benefits. Its renewable nature, cleaner emissions, and ability to reduce dependency on fossil fuels make it an attractive option in the pursuit of sustainable energy.

IGL's Power Alcohol plants continue to contribute to sustainable energy solutions, catering to government policies for ethanol blending in petrol.

In our continued thrust towards offering sustainable and renewable ingredients, the Company enhanced the capacities of its both Bio-Fuel ethanol plants at Kashipur and Gorakhpur. With enhanced capacities, the Company would be able to leverage its strength in ethanol manufacturing. The Company is amongst the top supplier of Bio-Fuels to Oil Manufacturing Companies ("OMC's") through their tender participation, as per Government of India's Ethanol Blending Programme ("EBP"). For the second year in a row, the Company has been allocated quantities through tender participation for supply of Ethanol under EBP during Ethanol Supply Year from November, 2024 till October, 2025.

The Company's revenue from Power Alcohol witnessed fabulous growth, reflecting its commitment to renewable energy sources.

The Company registered a revenue of ₹ 1,043 Crore during financial year 2024-25 as compared to ₹ 512 Crore last year from sale of Power Alcohol.

Potable Spirits and Extra Neutral Alcohol (ENA)

During the year, your Company registered total sales value of ₹ 6,306 Crore as compared to ₹ 5,558 Crore last year in the Potable Spirits division. The Company has two state-of-the-art distilleries (Kashipur-Uttarakhand and Gorakhpur-Uttar Pradesh) with a total distillery capacity of 3,79,000 KL per annum for the production of ethyl alcohol, out of which 1,35,788 KL per annum is for potable alcohol. The Kashipur facility is considered one of the most efficient distilleries in the country. Apart from producing industrial alcohol for its captive consumption, IGL is also one of the biggest exporters

of superior quality ENA (Extra Neutral Alcohol). The Company has been certified by CONTROLUNION, an international certifying agency for sustainability standard “Bonsucro MB ‘Chain of Custody’ Standard” for ENA-Special Sprit.

The Company maintained its sales in the domestic market. However, export of ENA declined as competition from producers in West India and neighboring Pakistan were able to offer lower prices. As a result, your Company diverted larger volumes to Bio-fuels under the Ethanol Blended Fuel Program of the government which has been giving better realization.

ENA is primarily used in India’s alcoholic beverage industry, with a significant portion dedicated to this sector. There is a growing demand for grain-based ENA, driven by the expanding Indian Made Foreign Liquor (IMFL) industry and blending requirements abroad. Factors such as rising disposable incomes, evolving drinking perceptions, and Western alcohol preferences further propel the potable alcohol market.

Moreover, ENA finds extensive applications in the flavors & fragrances, cosmetics, personal & health care, printing, and pharmaceutical industries. It is utilized in various cosmetic products, medicines, and syrups, as well as in the production of antiseptics and sprays. The grain-based segment dominates the market due to its widespread use in alcoholic beverage production, supported by government regulations ensuring product quality and safety standards.

IGL co-packs Bacardi Range which keeps IGL in good stead to follow global standards for its products. While, the Bacardi partnership business continues to grow over all these years, your Company had also made another strategic partnership with Amrut Distilleries Pvt. Ltd, Bengaluru and is now manufacturing, bottling, marketing and selling Amrut’s premium brands for Whisky, Brandy and Rum segments, on royalty basis for different north Indian states. This partnership offers a handsome bottom line as well as image to the Company. What is noteworthy is that IGL’s best quality ENA is used in all the brands.

IGL has been producing its country liquor brands with Grain ENA and Molasses and continues to hold the commanding position as the largest supplier of country liquor with highest market share in the states of Uttar Pradesh and Uttarakhand. In Uttar Pradesh, “Bunty Babi[®]” brand continues to be the highest selling brand in the country liquor segment. India Book of Records has awarded a certificate to the Company (Gorakhpur Unit) for achieving highest sales (for the financial year 2023-24) for its Country Liquor brand namely “Bunty Bubbly” for the second consecutive year.

The Excise Policies for the year 2025-26 in both our home states (Uttar Pradesh and Uttarakhand) are progressive. Now, the manufacturers in these States don’t have to pay Excise Duty upfront at the time of dispatch. The Excise Duty has to be paid by the Distributors along with the Indent to lift the

stocks from the distilleries. This eases the pressure on working capital requirements for the Company. With the continuation of Excise liquor policy in Delhi (business with only government controlled bodies) has proven better from the perspective of managing outstanding as well width of distribution of our products in Delhi. The Company enjoys a substantial pie share in the flavoured Vodka category in the Tetra segment. With the amended excise policy of Uttarakhand allowing to sell liquor in tetra pack for both IMFL and Country Liquor categories, the Company has commenced deliveries in new packaging.

In the Para Military & CSD vertical, the Company has got approved few more brands for All India Sales from authorities of Para Military. This vertical also has shown good traction during the year.

Ennature Biopharma

During the year, your Company registered sale value of ₹ 217 Crore as compared to ₹ 202 Crore last year in the Ennature Bio-pharma division, an increase of over 7 % in comparison to the previous year.

At Ennature Biopharma, our innovation strategy is firmly anchored in sustainability, scientific excellence, and social responsibility. We specialize in the development of safe, plant-based ingredients for the pharmaceutical, nutraceutical, and food & beverage industries—delivered through environmentally conscious and clinically validated processes.

In the API segment, Thiocolchicoside continue to gain market share in FY 24-25 and the Company has emerged as one of the leading suppliers in both domestic and international markets.

In Nicotine segment, the market share of Pure Nicotine decreased due to stiff competition from new players. The Company is working towards building value added Nicotine derivatives business for sustainable growth.

In Nutra vertical, as a part of our ongoing efforts to build branded nutraceutical Ingredients range, the Company has invested in developing three more branded ingredients with unique value proposition, targeting Women’s health and

gut health. The pre-clinical and Pharmacokinetic studies of Maxicuma are published in reputed journals. Maxicuma is getting a good response and is launched by some of our customers in Asia Pacific region. The Company continues to strengthen the science of existing branded nutraceutical ingredients by conducting some additional clinical studies.

Subsequent to the year closure, the unit has received the Establishment Inspection Report (EIR) with no observation from US Food and Drug Administration (USFDA) on 24th April, 2025 for the Company's nutraceutical products and dietary supplements ingredients at Dehradun Plant. The receipt of EIR underscores the Company's commitment to adhering to global quality standards and paves the way for access to the premium U.S. market, along with other highly regulated global markets.

Furthermore, to boost margins we have undertaken initiatives such as cost optimization, capacity debottlenecking and mitigating risk associated with input raw materials.

A key differentiator lies in our use of 100% green Supercritical Fluid CO₂ and sugarcane-derived ethanol for solvent-free extractions. These methods, supported by complete solvent recovery systems, enable us to maintain zero liquid and zero solid discharge. By converting plant biomass into energy, we cover our major energy requirements, significantly reducing our carbon footprint and supporting our climate-positive manufacturing model.

Our raw material sourcing is deeply ethical and community driven. Partnering with Indian farmers and cooperatives, we promote organic cultivation, fair-trade practices, and local empowerment. Key ingredient is traceable from farm to formulation, and undergoes rigorous testing to comply with USP, Ph. Eur., and Indian Pharmacopeia standards.

Exports

Exports has been a focus area for IGL. IGL has been leveraging its identity as a Green Chemicals Company to create niche

markets in sustainability space. IGL's use of green feedstock for the manufacture of chemicals is helping our partners and customers to achieve their sustainability objectives. The Company continues to hold the 'Three Star Export House' status as granted by the Government of India. The matured markets like North America, West Europe and Far East /South East Asia who are leading the pack in adopting low carbon footprints are naturally our focus markets for promotion of Bio-Glycols. Additionally, the Middle East and South East Asia markets remain significant importers of Glycol Ether products. Our portfolio of Extra Neutral Alcohol is finding new markets in Middle East, North and East Africa and South East Asia markets. IGL exports are also likely to get momentum from the 'China plus one' approach among developed nations which is elevating the prominence of Indian goods worldwide. India has been proactive in forging Free Trade Agreements (FTAs) with strategically important nations, aiming to stimulate economic growth. Reforms and policy initiatives in recent years are resolving manufacturing challenges and boosting exports. Additionally, the government can consider addressing the complexities in disbursement of funds under the PLI schemes. The positioning of our Green Chemicals is one of the levers for driving business growth. Your Company continues to leverage green feedstock to manufacture its products.

India Glycols Limited has long been at the forefront of sustainable chemical manufacturing, utilizing renewable feedstocks to produce eco-friendly products such as Bio-MEG, Glycol Ethers, and Specialty Chemicals. This commitment aligns with the global shift towards sustainability. Additionally, the Company's strategic focus on exports has solidified its position as a trusted supplier to multinational corporations dedicated to environmental responsibility. The Company's dedication to green chemistry and sustainable practices remains a strong differentiator, navigating the complexities of increased trade barriers is imperative. Exploring alternative markets, diversifying the product portfolio, and enhancing domestic collaborations could serve as viable strategies to mitigate the impact of these tariffs and sustain growth in a challenging global trade landscape. By targeting high-value green markets, IGL has earned the trust of multinational corporations and large enterprises committed to environmental sustainability. Through partnerships with global brands and the adoption of innovative technologies—such as converting ethanol from recycled carbon emissions into MEG and other derivatives—IGL is at the forefront of efforts to reduce carbon footprints. Additionally, IGL plans to expand its product lines to further penetrate both green and other value-added chemical segments, aiming to drive profitable growth.

During the year under review, your Company has recorded export sales value of ₹ 541 Crore as compared to ₹ 535 Crore during last year.

Financial Review

During the FY 2024-25 on a standalone basis, your Company recorded gross revenue of ₹ 9,052 Crore (the highest ever revenue) as compared to ₹ 7,944 Crore in FY 2023-24. Whereas, the profits after depreciation and tax for the FY 2024-25 were ₹ 180 Crore as compared to ₹ 152 Crore during the FY 2023-24. For more financial and performance details, Board Report be referred.

During the year under review, the Gross Fixed Assets has increased to ₹ 4,377 Crore in FY 2024-25 from ₹ 3,713 Crore in FY 2023-24.

The Company has been regular in meeting its obligations towards timely payment of principal/interest to the financial Institutions and Banks.

Key Financial Ratios

Details of Key Financial Ratios and explanation for significant changes therein are provided in note no. 61 to the Standalone Financial Statements for FY 2024-25.

Outlook

India's manufacturing landscape continues to benefit from strong macroeconomic fundamentals, ongoing government incentive schemes and policy support. These factors are expected to fuel industrial growth and domestic consumption in the coming year.

Aligning growth strategy with sustainability, innovation and evolving global trends, IGL has partnered with global technology innovators to produce MEG from recycled industrial carbon emissions. This not only strengthens our green product portfolio but also positions us as a frontrunner in offering sustainable alternatives, catering to the rising global demand for circular and low-carbon products.

The global MEG market presents promising and steady growth in the foreseeable future. This growth is primarily driven by increasing demand for polyester fibers in the textile industry, particularly in the Asia-Pacific region. In India, domestic MEG

demand, particularly from the PET and textile sectors, is expected to outpace global growth. Opportunities are growing in green markets as more customers are adopting Bio-MEG as a sustainable alternative.

Joint venture with Clariant International Ltd, Switzerland (Clariant) is a major step in this direction. The JV combines IGL's renewable chemical expertise with Clariant's global reach to supply green ethylene oxide derivatives, especially in the fast-growing home and personal care markets in India and neighbouring countries.

India's specialty chemicals industry is a key part of the country's economy and exports. Specialty chemicals are high-value products used in small amounts but have a significant impact in various industries like agriculture, pharmaceuticals, textiles, personal care, automotive, construction, and electronics. The main factors driving the growth of this industry are:

- Increased domestic demand due to urbanization and rising incomes
- Export opportunities under the China+1 strategy
- Infrastructure and construction fuels demand for construction chemicals, paints, coatings, and adhesives.
- Rising use of green and bio-based chemicals

IGL's investments in bio-specialty chemicals and our cutting-edge R&D facility at Kashipur are laying the foundation for long-term value creation. We are actively collaborating with global leaders for R&D, including efforts in bitterness masking and selective adsorption technologies for herbal extracts.

The spirits business continues to benefit from rising disposable incomes and better lifestyle preferences supported by excise policies. It is well known that spirits is the biggest revenue earner for any state exchequer. In IGL, we are working on premiumization of our brands portfolio which give both rich top and bottom line. With enhanced production capacity coupled with strategic tie ups like with Bacardi International and Amrut Distilleries, we expect to increase at an increasing rate both in volume and profits in this segment.

The government's continued push towards ethanol blending in petrol aiming for 20% blending by 2025 presents a significant opportunity for companies. This shift not only supports energy security and import substitution but also drives demand for ethanol and its derivatives, supporting our green chemistry initiatives.

In Ennature Biopharma segment, the global nutraceuticals market projects promising growth driven by increasing health awareness, preventive healthcare trends, and rising demand for functional foods and supplements. Ennature Biopharma, nutraceuticals and API arm, is well-positioned to capture this opportunity. With a strong global B2B presence and scientifically-backed products, Ennature is expanding its branded specialty nutraceutical line and deepening its footprint in the regulated markets of Europe and the U.S. Our focus

remains on innovation, sustainability, and wellness, with an active pipeline of patents under development.

Under global challenges, India's economic momentum is expected to remain robust. IGL is closely monitoring market trends and adapting proactively to changing dynamics. Through strategic partnerships, enhanced capacities, and continued investments in green technologies and innovation, the Company is confident of delivering consistent growth across all its business segments.

Sustainability-Health, Safety, Environment and Management Systems

IGL prioritize employee's Safety, Health and Environment as a responsible corporate. We continue to strengthen our policies around Quality, Safety, Health, Environment Stewardship & Energy conservation. It extends support to stakeholders and influencing the entire value chain. This also helps in maintaining environmental impacts.

Health

Your Company accords very high priority to provide healthy and safe working environment. The Company has a medical centre at factory site with basic amenities; two qualified and experienced doctors with trained and experienced paramedical personnel who are available round the clock to meet any contingency. The Company also has a qualified Occupational Health Physician and the Company also has ambulances to provide necessary assistance in case of any emergency. All employees are required to undergo annual medical check-up for early diagnosis of any health problem. For the well-being of the Employees and Contractual workers, the Company has started monitoring lifestyle diseases and providing in-house follow-up facilities for the same, this helps us to improve the health index. IGL has made arrangements for treatment of employees and their dependents under the mediclaim insurance policy, which allows employee to avail treatment from any of the listed hospitals without having to make any cash payments. The Company is organizing many health awareness talks, Health camps and First aid training for all the Employees, Family members and Contractual workers.

The Company organizes blood donation camp as part of community welfare activities. The Company also organized medical camps at nearby villages and organize/assist in National health related programs in the nearby villages as part of community welfare activities.

Safety

Your Company has set up elaborate safety systems to ensure a safe work environment. Emphasis is given to prevention of any accident. As a result of strict safety norms being followed We have been able to maintain good safety record and have received various prestigious national and international safety awards recognizing our efforts in the area of safety.

A Central Safety Committee has been constituted to continuously review and upgrade the safe working practices. Emergency management plan is in place for mitigating any kind of emergency. Proper systems have been set up to record and report any accident, which is thoroughly investigated and corrective action taken for future prevention.

At work place appropriate protective equipment and gears are provided to the employees and usage of the same is strictly monitored to ensure a high level of safety. Training programs are regularly conducted for training the employees in proper use of safety equipment and following the safe work practices.

The Company always encourages internal and external stakeholder by conducting motivational program on safety by celebration of National Safety Day, Fire Service Day and Transport safety awareness program to promote safe work practices and environment inside and outside premises.

Various incentive schemes are in operation for motivating the employees to work in a safe environment. The Company has its own Fire Station fully equipped with Fire Tenders, modern communication facilities and an elaborate auto fire hydrant system and other equipment which are manned and supervised by trained experts. There is also an auto fire alarm system covering all the areas. Live fire training drills are organized to provide hands-on training to the employees.

Environmental Stewardship

Environmental stewardship refers to responsible use and protection of the natural environment through conservation and sustainable practices.

Your Company uses molasses, a residue of sugar mills generated in the process of manufacturing of sugar. The molasses is converted into alcohol in the captive distillery and thereafter used in the process to make ethylene oxide and its products. Company has set up elaborate systems by making substantial capital investments for proper treatment of the effluent generated and meets all the requirements in this regard. The Company has also installed Rainwater Harvesting systems and keeps on working for reduction of water footprint (WFP).

To make the system more environmentally friendly, we have developed a green belt all around our factory by growing approx. 1,20,000 trees of different species some of which are fruit bearing in addition to providing green cover. All possible efforts are being made to preserve the environment and improve the same.

The Company has already achieved zero effluent discharge from its Ethanol Plants by having concentrated effluent burning in specially designed Boilers. The Company has installed zero liquid discharge unit for high Chemical Oxygen Demand and high Biological Oxygen Demand effluent streams from various units.

The Company focuses on effective integration with the basic philosophy of resource optimisation, use of alternative sources. The liquid effluent from Distillery is concentrated in the evaporator system to generate concentrated spent wash (slop). The Slop (concentrated spent wash) from the evaporator is used as fuel for the generation of steam and electricity. This is a novel boiler that has been developed for utilization of concentrated spent wash and generation of steam therefrom. The Company have taken waste-to-wealth project by installation of unit to recover Potash (K_2SO_4) granulation from waste as “Boiler Ash” and spent wash from molasses based distillery.

Sustainable Environment and Climate Change Initiatives

The emission of greenhouse gases by mankind in the last century has brought about the current climate crisis.

India Glycols provides Sustainable solutions with defined action plans and standard based on Life Cycle Assessment (LCA) methodologies. Our Sustainable Solutions enable customers to identify, evaluate and select the right materials and confidently choose high-performance materials that advance their environmental and business goals.

There are a number of sustainable solutions and products that IGL offers. The raw material, properties, performance and content of these materials make a significant contribution to mitigate environmental impact, by lowering carbon emissions and helping resource consumption optimization.

Your Company is continuously working for integrating the life cycle perspective in management system, as per revised Environmental Management System for bringing product and process in a more sustainable direction.

The Company believes in life cycle approach which directs business to consider responsibility on environmental protection from raw material procurement to product use. Company has conducted comparative LCA study of Bio-Mono Ethylene Glycol (Bio-MEG) based on ISO 14044-2006 standards and determining several Environmental Impacts (including Carbon Foot-Print) from its Renewable Manufacturing Approaches. The LCA analysis was carried out using the licensed software tool, SimaPro, and the reports are regularly updated to ensure relevance and accuracy. .

In continuation Company has also conducted LCA study for its other products such as Bio-Ethanol, Bio-Ethylene Oxide, Bio-Glycols and Bio-Poly Ethylene Glycols etc. The Company is also working continuously on LCA study for its other products such as Ethylene Oxide derivatives and specialty chemicals.

Your Company has become a key partner in the supply chain for innovative process of MEG, Ethylene Oxide and derivatives production by utilizing biotechnologically converted Ethanol from industrial carbon emissions. In continuation, the Company has also conducted LCA study for these products and enabled customers to evaluate the products and choose the same to achieve their environmental and business goals.

The Company always encourages stakeholders’ by conducting motivational programs on the World Environmental Day and Earth day. The focus of the World Environment Day and Earth day Program is to promote environmental stewardship practices. A special campaign is taken up with communities, employees and individuals to come together and explore sustainable alternatives to reduce Air Pollution and encourage to participate in water conservation practices. The Company has taken up several initiatives in promoting climate change and environment-sustainable projects.

Management Systems

• Integrated Management System

Your Company is having Integrated Management System (IMS) comprising of Quality Management System, Environmental Management System, Occupational Health & Safety Management System, Food Safety Management System, Food Safety System Certificate, Energy Management System and Social Accountability. Your Company is successfully certified against the new revised High Level Structure (HLS) of Quality Management System (ISO 9001:2015), Environmental Management System (ISO 14001:2015), Occupational Health & Safety Management System (ISO 45001:2018), Energy Management System (ISO 50001:2018), Food Safety Management System (ISO 22000:2018), Food Safety System Certificate (FSSC 22000 ver-5), and Quality Management System for medical devices (ISO 13485:2016) as applicable. All these are comprised under Integrated Management System and accreditation done by M/s DNV, a renowned certification agency.

Special emphasis on risk-based thinking has been the new focus of Quality Management System & Environmental Management System. This risk based thinking enables to determine the factors that could cause deviation in processes and thereby in management systems, which may pose business risk in turn. This risk-based thinking offers opportunity to put necessary controls, to mitigate and minimize the premature risks, in place. Furthermore, preventive actions can be implemented to avoid any potential business risk. Value addition to Environmental Management System is its new focus and emphasis on Life Cycle Perspective to achieve sustainable development by balancing three pillars Environment, Society and Economy which are essential to meet the present day need of sustainable business without compromising ability of future generation and rendering them impaired. Integrated Management System has been upgraded to the requirement of RC 14001:2015 standard. Responsible Care helps companies to not only improve their environmental, health, safety and security performance, but also to improve their business operations. As per requirement of the standard, emphasis on risk-based thinking is given. Focus for security is also considered in addition to Quality, Health, Safety & Environment system.

The Company also has HALAL and KOSHER certificates for the defined products. The Company has worked for “Bonsucro MB ‘Chain of Custody’ Standard” and enhance the scope included range of products in addition to the Extra Neutral Alcohol (ENA)- Special Sprit and successfully certified by CONTROLUNION.

The Company uses an established ERP system, latest version of SAP S/4 HANA which is built on a robust IBM hardware platform and has helped the Company to achieve inter-alia, faster performance, improved user experience through simplified data structure, smaller data footprint & embedded analytics.

The Company is practicing Behaviour Based Safety (BBS) under name “BHAVISHYA BANAYE SURAKSHIT”.

The Company has received International Sustainability and Carbon Certification (ISCC) for range of products, which represents that Bio - circular and circular based Products are Indeed Sustainable. It ensures that the company covers production and supply chain to meet environmental and social standards and communicate our sustainability successes. The Company has received for Roundtable on Sustainable Biomaterial (RSB) certification to demonstrate and gain confidence of our valued customers for their sustainable purchases.

• **Process Safety Management System**

India Glycols is continuously working towards implementation of Process Safety Management (PSM) along with RC in the organization to ensure systematic and high level Process Safety by elaborating its specific elements and ensuring the safety of employees, environment and physical plant assets in the event of any unexpected process excursion. All the new project and major changes has been processed through Hazard and Operability Study (HAZOP), Quantitative Risk Assessment (QRA), Dust Hazard Analysis (DHA), Hazardous Area Classification (HAC) and Pre Startup Safety Review (PSSR). The Company practices one of the key pillars of PSM as Management of Change which helps to address and compile process safety information and changes.

The Company also carried out Hazard Identification and Risk Assessment as Group Risk Assessment (GRA) and have a well-defined safety work permit system to ensure safe jobs.

Lean Management

India Glycols Ltd. uses the building blocks of – standardized work, optimization of manpower, workplace organization 5S & visual controls, material handling systems, effective plant layout, improved operational and maintenance practices, quality at the source, batch cycle time reduction, customer demand-based manufacturing, point of use storage,

quick changeover, cellular manufacturing and process improvements. We are committed to work towards continual improvement of Quality, Environment, Health & Safety, Food Safety, Energy Performance and Social accountability and we discourage discrimination of any kind in any form.

R&D and Customer Oriented Innovation

IGL has a strong commitment to both research and development (R&D) and customer-oriented innovation-key drivers of growth in today's competitive landscape. By continuously designing new products, engaging with customers to understand their evolving needs, and adopting innovative approaches, IGL ensures that its offerings deliver value while aligning with global trends such as sustainability and the transition toward net-zero carbon emissions. The Company's focus on identifying alternative raw materials and process technologies reflects a forward-thinking approach to both efficiency and environmental responsibility. This not only contributes to environmental sustainability but also reinforces IGL's position as a leader in its industry. By prioritizing customer needs throughout the product development process, IGL is able to tailor its solutions to specific market demands, ultimately enhancing customer satisfaction and loyalty.

Overall, by focusing on research, customer needs, and sustainability, IGL is in a strong position to stay ahead of competitors and keep growing in the market.

IGL's focus on low carbon footprint products made from renewable resources meets the rising demand for eco-friendly solutions. This approach not only ensures compliance with regulations but also appeals to environmentally conscious consumers. By combining R&D efforts with a customer-focused and sustainable strategy, IGL is well-positioned to stay competitive and continue growing. After transferring its Bio-based Ethoxylates and selected derivatives to a joint venture with Clariant, IGL established a new R&D center, where the team has achieved several important milestones over the past year.

- a) **Expansion of Pilot Plant facility:** Expanding the pilot plant facility by installing plug flow tubular reactor for the development of green solvent for various applications. By enhancing the capabilities of the pilot plant, the Company is better equipped to design and develop novel products with focus on achieving low carbon footprints.
- b) **Development of Novel Specialties:** A comprehensive NPD plan has been formulated for novel specialties. A series of new specialty products including Bio-Polymers have been developed for export market as well as for domestic market, used in various industrial applications.
- c) **New Specialty Products:** A comprehensive new product development (NPD) plan has been implemented for novel specialty products. Several new specialty products,

including bio-polymers, have been developed for both export and domestic markets, intended for use in various industrial applications.

d) Branded new R&D Nutraceutical development and formulation:

A new Lab facility was created to further expand the Nutraceutical value added business. Different development equipments were installed with the focus on particle design to prepare the nutra product with increased bio-availability.

Scientific validation is at the core of our R&D. Every new ingredient if required undergoes comprehensive pharmacokinetic, toxicological, and clinical evaluation, using state-of-the-art analytical platforms such as HPLC, LC-MS/MS, and GC-MS. We adhere strictly to ICH and OECD guidelines, ensuring global compliance, data reproducibility, and research integrity.

Our innovation pipeline includes cutting-edge platforms like:

- MAXICUMA®: A clinically validated joint health ingredient.
- LIMAN™: Technology for converting lipophilic actives into water-soluble powders.
- SCEMOD™: Designed for enhanced solubility, stability, and bioavailability.
- Advanced delivery systems: Including taste-masked, sustained-release, and multilayered beadlet formats to improve user adherence.

e) Preclinical, safety and toxicology and human clinical evaluation: The product evaluation and its safety studies (preclinical and clinical studies) has been initiated for new products in order to further penetrate globally on the branded nutra business. This will be a new area to support the product in the market with scientific data.

f) Future Trends and Growth Path: IGL's R&D efforts are geared towards providing indigenous products for various industry sectors using local resources while meeting global quality standards. With a focus on superior performance and sustainable chemistry, IGL has established itself as a leading manufacturer of bio-based performance chemicals, bio-Polymers, nutraceuticals, APIs, and more. The Company's product range is known for its significantly low carbon footprint, reflecting its commitment to environmental responsibility and innovation.

Overall, these achievements underscore IGL's dedication to research excellence, sustainability, and driving innovation in the specialty chemicals industry.

As global priorities shift toward environmental protection, water quality, and energy conservation, R&D teams across the world face growing pressure to adapt. India Glycols Ltd. has responded to this change by placing a strong emphasis on developing innovative, eco-friendly solutions through the principles of green chemistry. This strategy reflects the Company's dedication to sustainability and tackles major challenges within the chemical industry.

India Glycols is strategically expanding into bio-based specialty products, focusing on innovative chemistries and environmentally friendly technologies. These initiatives are designed to deliver tailored, high-value solutions with sustainability at their core. By leveraging renewable resources and improving the efficiency of energy and water use, the company seeks to reduce its environmental impact while enhancing overall operational performance.

India Glycols' emphasis on high-value performance chemicals, green chemistry, and sustainable operations—combined with its compliance with global standards—positions the Company as an industry leader, fostering innovation and contributing to the resolution of key environmental issues.

IGL is well-positioned for future growth, supported by its strong market presence and access to essential raw materials. With substantial capacity in key inputs like bio-ethylene, bio-EO, bio-ethanol, CO₂, nitrogen, and oxygen, the Company is well-prepared to expand into new areas of chemical manufacturing. IGL's capability to produce a wide variety of products from renewable sources positions it as a frontrunner in providing sustainable alternatives to traditional fossil-based chemicals. Utilizing its strengths and technical expertise, the Company strives to deliver high-performance, low-carbon specialty chemical substitutes, supporting global decarbonization initiatives. Looking forward, IGL aspires to become a reliable partner for companies committed to reaching net-zero emissions. Through ongoing innovation and investment in sustainable solutions, IGL seeks to contribute significantly to the global shift toward a greener and more sustainable future, both in India and worldwide. IGL's R&D initiatives are focused on launching a broad range of innovative products tailored to meet the needs of multiple industry segments. Below is a summary of some key development projects:

- Products from Carbon Capture:** By utilizing C-smart alcohol, IGL is working on the development of innovative products with distinct characteristics and specialized applications.
- Bio-Based Specialties:** IGL is focused on growing its range of eco-friendly products that can replace traditional chemical options.
- Green Solvents:** The Company aims to launch a variety of eco-friendly solvents, such as bio-esters for agriculture and specialty bio-amines for personal care, to address the increasing need for sustainable solutions.

- iv) Specialty Derivatives of Poly-Galactomannans: IGL will focus on developing specialty derivatives of poly-galactomannans, unlocking new possibilities in various industries.
- v) APIs and Nutraceuticals: IGL is working on developing active pharmaceutical ingredients and nutraceuticals to meet the healthcare industry's demand for reliable and sustainable ingredients.

In terms of industry sectors, IGL's R&D efforts will target:

- i) Oil & Gas Industry, Including Refineries: Developing advanced solutions aimed at improving efficiency and promoting sustainability within the oil and gas sector.
- ii) Food Industry: Providing sustainable ingredients and solutions that adhere to quality standards while fostering environmental responsibility in the food sector.

Internal Financial Controls and their Adequacy, Risk Management

The Company has established a robust framework of internal financial controls that is commensurate with the size, scale, and complexity of its operations. These controls are periodically reviewed and discussed by the Audit Committee and the Company's auditors to ensure their continued effectiveness, particularly in relation to the Company's financial statements.

A comprehensive internal control system is in place, encompassing policies and procedures designed to ensure the orderly and efficient conduct of business operations. These measures support compliance with Company policies, safeguard assets, prevent and detect fraud and errors, maintain the accuracy and integrity of accounting records, and facilitate the timely preparation of reliable financial information.

The internal control mechanisms are routinely tested and validated by both Statutory and Internal Auditors. The Company remains committed to continuous improvement, regularly upgrading its systems in alignment with evolving best practices and recognized standards for internal control.

In order to further strengthen the same, a dedicated Risk Management Committee—comprising members of the Board and Senior Management—oversees the Company's Risk Management Plan. This includes the identification, assessment, and mitigation of key business risks.

The objective of the Company's risk management approach is to systematically identify, evaluate, and prioritize risks on an ongoing basis. It seeks to implement structured controls and preventive measures enterprise-wide, reduce exposure to risk events, and ensure the organization is well-prepared to respond effectively. This includes contingency planning for risks with a high probability and significant impact, thereby protecting the Company's interests and continuity.

The risk management framework ensures that risk management principles are embedded across all levels of the organization and that insights from the process are accurately captured and reported. It also facilitates the alignment of risk strategies, fosters knowledge-sharing across locations, and promotes a unified risk-aware culture.

Recognizing the dynamic nature of business risks, the Company conducts quarterly reviews across departments and operational sites. Key risks and mitigation strategies are identified and communicated to the Board of Directors for further assessment and to guide strategic decisions aimed at minimizing potential impacts.

Human Resource/Industrial Relations

Nomination, Remuneration and Evaluation Policy

The Nomination, Remuneration and Evaluation Policy ("Policy") is formulated and adopted in line with Section 178 of the Act and the SEBI Listing Regulations (including

any statutory modification(s) or re-enactments thereof) to provide a framework and set standards for the nomination and remuneration of the Directors, KMPs, Senior Management Personnel and Other Employees and evaluation of Directors. The Company aims to achieve a balance of merit, experience and skills amongst its Directors, KMPs and Senior Management Personnel.

During the year under review, the Board of Directors of the Company had reviewed and modified the policy in compliance with SEBI Listing Regulations.

Board Membership Criteria

The basis for the NRC to select a candidate for appointment to the Board are enhancing the competencies of the Board and attracting as well as retaining talented employees for the role of KMP and senior management. When recommending a candidate for appointment, the NRC has regard to:

- a) Assessing the appointee against a range of criteria which includes but not be limited to qualifications, skills, regional and industry experience, background and other qualities required to operate successfully in the position, with due regard for the benefits from diversifying the Board;
- b) The extent to which the appointee is likely to contribute to the overall effectiveness of the Board, work constructively with the existing Directors and enhance the efficiencies of the Company;
- c) The skills and experience that the appointee brings to the role of KMPs/Senior Management Personnel and how an appointee will enhance the skill sets and experience of the Board as a whole;
- d) The nature of existing positions held by the appointee including directorships or other relationships and the impact they may have on the appointee's ability to exercise independent judgment;
- e) In addition to the qualifications and attributes specified herein, the prospective Independent Director should meet the criteria of independence provided in the Act and the requirements of Schedule IV and the SEBI Listing Regulations;
- f) Personal specifications.

Remuneration Policy

The guiding principle for the remuneration of Directors, KMPs, Senior Management Personnel and Other Employees is that the level and composition of remuneration shall be reasonable and sufficient to attract, retain and motivate Directors, KMPs, Senior Management Personnel and Other Employees.

The remuneration of the Directors, KMPs, Senior Management Personnel and Other Employees shall be based and determined on the individual person's responsibilities and performance and in accordance with the limits as prescribed statutorily, if any and the Human Resource policy of the Company.

The NRC determines individual remuneration packages for Directors, KMPs and Senior Management Personnel of the Company at the time of their appointment/re-appointment taking into account factors it deems relevant, including but not limited to market, business performance and practices in comparable companies, having due regard to financial and commercial health of the Company as well as prevailing laws and government/other guidelines and the Human Resource policy of the Company.

The NRC consults with the Chairman of the Board as it deems appropriate. Remuneration of the Chairman and Executive Director is recommended by the Committee to the Board of the Company.

The Non-Executive Directors shall be entitled to receive remuneration by way of sitting fees for attending every meeting of the Board/ Committees as approved by the Board, profit related commission as may be recommended by the NRC to the Board and subsequently approved by the members.

The remuneration payable to the Directors shall be as per the Company's policy and shall be valued as per the Income Tax Rules.

The Independent Directors shall not be entitled to any stock option.

The criteria of making payment to the Non-Executive Directors of the Company is provided in the Policy placed on the website at the following link:-

26. Overview of the entity's material responsible business conduct issues:

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Environment	Risk	Amendments to existing regulations, coupled with the introduction of new ones, have the potential to influence our material sourcing, emissions levels, waste management practices, and the manufacturing of finished products. Along with other environmental considerations, these changes could adversely affect our business operations.	Being mindful of the challenges presented by climate change and environmental concerns, the Company realign its strategies to ensure the continuity of its operations. Internally, several initiatives are focused on reducing carbon emissions and minimizing overall environmental impact.	Negative
2	Corporate Governance - Board oversight, conflict of interest, ethics and compliance.	Opportunity	The Company is deeply committed to upholding the utmost standards of governance. It is clear that long-term sustainability cannot be achieved without a robust governance framework and a culture of integrity. The demand for transparency, accountability, and fairness in governance regulations is on the rise, emphasizing the critical need for the Company to not only adhere to existing regulations but also prepare for forthcoming ones.	The Company has established systems, procedures, and policies to uphold governance standards effectively. The Company's Code of Conduct and Ethics Policy, Anti-Bribery Policies ensures that all workers and employees act with fairness in their official capacities. Moreover, the Whistle Blower Policy, Related Party Transaction policy and various reporting mechanisms play a crucial role in identifying and addressing any issues that may arise.	Positive

3	Sustainability	Opportunity	Environmentally friendly products are key drivers of long-term growth. Global challenges such as climate change, stratospheric ozone depletion, resource scarcity, bioaccumulation and the presence of persistent chemicals are being systematically addressed through sustainable practices. Furthermore, the Company remains committed to its social responsibilities and upholds the highest standards of professional conduct and workplace ethics.	As a green chemical Company with innovative technologies and a vision of long-term sustainability, not only the Company has adopted several green technologies, but continuously works to evolve new green methods, materials, innovative technologies, and systems to meet the specific requirements of valuable clients.	Positive
4	Handling Hazardous Material	Risk	Handling of hazardous materials throughout its operations to safeguard the health and well-being of its employees and to minimize any potential impact on the surrounding environment.	Adherence to standards pertaining to Occupational Health and Safety, the Company's Environment, Health and Safety ("EHS") Policy and highest operational standards for safe handling of hazardous materials. Periodic risk assessments and the execution of action plans accordingly.	Negative
5	Waste Management	Risk	The Company assumes full responsibility for the safe disposal of hazardous waste, as well as the proper disposal of non-hazardous waste. This responsibility is aligned with applicable environmental laws and sustainability commitments. Any lapse in adherence to these regulations may lead to significant legal, financial, and reputational consequences, including fines and penalties imposed by regulatory authorities.	The Company is dedicated to minimizing waste output and is working hard to lower its environmental impact. To achieve this goal, the Company has implemented various waste management practices, including: - Use of Briquette made out of plant waste in Dehradun Plant. - Collaborating with government-approved vendors for the collection and safe disposal of hazardous and other types of waste. - The Company have Zero Liquid Discharge ("ZLD") System Installation at its Distilleries at Kashipur and Gorakhpur as well as herbal extraction plant of Dehradun. - The Company is registered under Extended Producers Responsibility ("EPR") regime under Plastic Waste Management Rules, 2016 and has signed the agreement(s) with authorised vendors for collection of plastic waste. Hazardous waste is sent to authorised recyclers. The majority of hazardous waste, such as spent catalysts and used/waste oil, is recyclable and is responsibly sent to recyclers approved by the Ministry of Environment, Forests, and Climate Change ("MoEF & CC").	Negative
6	Health and Safety issues	Risk	Due to the inherent risks associated with handling hazardous chemicals and processes, safeguarding the health and safety of employees and workers is critical. Any untoward incident at the plant can endanger lives, disrupt operations, and adversely affect the Company's productivity and reputation.	The Company adheres to highest safety and operational standards as per its defined Standard Operating Procedures ("SOPs") and Policies for operations and handling of hazardous materials at plants. As per the policy adequate safety gears are provided to the staff working inside the Plants. Regular fire drills are conducted to familiarize the staff of the evacuation procedure. Routine revision of health and safety protocols and corresponding SOPs. Identification and continual improvements are integral process of the systems.	Negative

7	Raw Material Sourcing	Opportunity	A substantial proportion of the Company's raw materials are derived from green and bio-based , playing a crucial role in the creation of our finished products. These materials inspire us to pursue our business objectives by crafting sustainable goods and solutions that minimize our environmental footprint.	Continuous efforts to source alternate green feed stocks and also looks for alternate geographies. Further, the Company continuously strengthen its R&D team to develop more sustainable products with alternate Bio-based and sustainable Raw Materials.	Positive

PRINCIPLE 2: Businesses should provide goods and services in a manner that is sustainable and safe.

Essential Indicators

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the company, respectively.

	FY 2024-25	FY 2023-24	Details of improvements in environmental and social impacts
R&D	96.93%	42.69%	Reduction of greenhouse gas emission into the environment. Developing products to enhance overall human wellbeing. New Technologies and Products.
Capex	14.70%	2.34%	Controlling particulate matter dispersion. Reduction in consumption of steam, power and natural resources such as water, fossil fuel etc.

2. a. Does the company have procedures in place for sustainable sourcing?

Yes. The Company believes in and follows Integrated Management System Policy with utmost focus on environmental and social aspects. The Company ensures maximization of sustainable raw materials and energy conservations.

The Company uses molasses, a sugar plant residue/waste, broken rice as major raw material, which is 100% bio-based material for operating its distilleries. The Company uses Bio-based raw materials and Ethanol is one such key raw material, whereas in conventional process Petro route is used for production of Ethylene Oxide (EO)/ Mono Ethylene Glycol (MEG) and others, throughout the globe. For its Ennature Biopharma business, various herbal raw material are either cultivated (through farm contracting) or sourced in the sustainable manner.

The Company uses waste base ethanol as a raw material for our key products - Glycols and Ethylene Oxide and other specialty chemicals.

The responsible sourcing of raw material, their properties, performance and content of these materials make a significant contribution to reduced environmental impacts such as lowering carbon emissions and minimize use of the earth's limited resources.

Sustainable solutions are based on number of defined action plans and standards based on Life Cycle Assessment ("LCA") methodologies. India Glycols sustainable solutions for responsible sourcing of raw materials enables customers to confidently choose high-performance materials that advance their environmental and business goals.

b. If yes, what percentage of your inputs was sourced sustainably?

Depending upon the various raw materials and quantities the inputs are around 90% sustainable. The percentage varies from plant to plant.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

The Company follows the applicable processes laid down by the regulatory authorities. The Company is registered under Extended Producers Responsibility (EPR) regime under Plastic Waste Management Rules, 2016 and has signed the agreement(s) with authorised vendors for collection of plastic waste. Further, the Company supplies its product in barrels, flexi-bags, ISO tanks and pet bottles. Flexi bags are used for transporting and shipping products in bulk, depending on the requirement of customer. Mostly flexi-bags are recyclable thus consider as environment safe. Hazardous waste is sent to authorised recyclers.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes, the waste collection plan is in line with the EPR plan submitted to the Central Pollution Control Board.

Leadership Indicators

1. Has the company conducted Life Cycle Perspective/Assessments ("LCA") for any of its products for (manufacturing industries) or for its services (for services industry)? if Yes, provide details in the following format?

NIC Code	Name of Product /Service	% of total Turnover contributed	Boundary for which the Life Cycle Perspective / Assessment was conducted	*Whether conducted by independent external agency (Yes/No)	Results communicated in public domain (Yes/No)	If yes, provide the web-link.
20119	Ethanol	10.87%	Cradle to Gate	No	No	Not Applicable
20119	Monoethylen Glycol ("MEG")	3.12%	Cradle to Gate	No	No	Not Applicable
20119	Ethylene Oxide ("EO")	4.90%	Cradle to Gate	No	No	Not Applicable
20119	Diethylene Glycol ("DEG")	0.37%	Cradle to Gate	No	No	Not Applicable
20119	Monoethylene Glycol Ethyl Ether ("MEGEE")	1.20%	Cradle to Gate	No	No	Not Applicable
20119	Diethylene Glycol Ethyl Ether ("DEGEE")	0.58%	Cradle to Gate	No	No	Not Applicable

*These LCA studies are conducted and updated inhouse periodically for our various products in addition to the listed above, through licensed LCA software – SIMA PRO and as per the customers requirement.

2. If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same.

Name of Product / Service	Description of the risk / concern	Action Taken
Products are listed in Point 1 above.	Risk of emissions pertaining to energy source.	Usage of more renewable energy.

3. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).

The Company adheres to the applicable processes prescribed by the regulatory authorities from time to time. The Company constantly strives to promote the recycling and reuse of materials, thereby contributing to the conservation of natural resources.

4. Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:

	FY 2024-25			FY 2023-24		
	Re-Used	Recycled	Safely Disposed	Re-Used	Recycled	Safely Disposed
Plastics (including packaging)	0	0	5,350.00	0	0	5,131.5
E-waste	0	0	0	0	0	0
Hazardous waste	0	0	0	0	0	0
Other waste	0	0	0	0	0	0

5. Reclaimed products and their packaging materials (as percentage of products sold) for each product category.

Indicate product category	Reclaimed products and their packaging materials as % of total products sold in respective category
Nil	Nil

a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/No). If yes, the coverage such system?

Yes. The Company has matured system for Occupational Health and Safety Management System ("OHSMS"). Company got OHSMS (ISO 45001:2018) Certified and System are in place from decades. The Company is working towards implementation of Process Safety Management ("PSM") along with RC in the organization to ensure systematic and high-level Process Safety by elaborating its specific elements and ensuring the safety of employees, environment, and physical plant assets in the event of any unexpected process excursion. All the new projects and major changes has been processed through PSM elements as Hazard and Operability Study ("HAZOP"), Quantitative Risk Assessment ("QRA"), Dust Hazard Analysis (DHA), Hazardous Area Classification ("HAC"), Management of Change ("MOC") and Pre Startup Safety Review ("PSSR").

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

The Company involve field level workers, operation teams, supervisors, shift in-charge and management team to carry out Hazard Identification and Risk Assessment of all the routine and non-routine activity following OHSMS guideline. The risk matrix is developed as a function of level of Hazard (Impact) and Likelihood (Probability) of occurrence to identify level of risk. Based on level of risk, control measures are applied with considering hierarchy of control and sequence starts with Elimination, Substitution, Engineering Control, Administrative control and PPEs.

c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)

Yes. They can report as per the defined SOP's and are fully empowered to remove themselves from such risk.

d. Do the employees/worker of the entity have access to non-occupational medical and healthcare services? (Yes/No)

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

- Occupational Hazard & Risk Assessment** - Company operates a range of rotating, static, cryogenic & pressurized equipment that may pose occupational hazards. Additionally, the handling of hazardous chemicals and hydrocarbons on site, including pressurized systems, carries potential risks such as leakage, spillage, fire, exposure, and other safety related incidents.

Mitigation Measures: Periodic hazard identification and risk assessments related to facility operations and process activities are conducted. Based on the severity and nature of the risks identified, appropriate control measures are determined and implemented. Risk mitigation strategies follow the Hierarchy of Controls as per OHSMS guidelines—namely, Elimination, Substitution, Engineering Controls, Administrative Controls, and the use of PPEs. All defined corrective and preventive actions are systematically executed.

- Process Hazard & Associated Risk-** Given the nature of operations, the chemical plant manages various process-related hazards and handles hazardous chemicals, posing potential risks such as fire, explosion, or toxic release. While such incidents occur infrequently, their consequences can be severe and potentially catastrophic.

Mitigation Measures: Company has “disciplined management system framework for managing the integrity of operating systems and processes that handle hazardous substances. This framework aims to prevent unplanned releases of hazardous materials or energy that could compromise structural stability and lead to major incidents. The Company has well established mechanism for employee participation, ensuring a comprehensive understanding of process related hazards. The Company has established detailed operating procedures and conducts regular safety and process training programs. Furthermore, systematic assessments such as Hazardous and Operability Study (“HAZOP”), Quantitative risk assessment (“QRA”), Management of Change (“MOC”) and Pre-startup safety review (“PSSR”) are conducted for new projects and modifications, with due consideration of associated risks. All activities plant premises are carried out only under defined safety work permit system.

System to process any changes through Management of change and carry out all the incident investigation for corrective and preventive action. The Company has also developed onsite emergency plan to handle any emergency and carry out drill time to time.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF INDIA GLYCOLS LIMITED

I. Report on the Audit of Standalone Financial Statements for the year ended 31st March, 2025

1. Opinion

- A. We have audited the Standalone Financial Statements of **India Glycols Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to financial statements including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").
- B. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its Profit, other comprehensive income, changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

4. Information Other than the Standalone Financial Statements and Auditor's Report thereon

- A. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

- B. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

5. Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

- A. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) specified under section 133 of company Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

- B. In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

6. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

- A. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.
- B. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- i) Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - ii) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or

conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- v) Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- C. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- D. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- E. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

II. Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

- c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account;
- d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e. On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”.
- (B) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i) The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements; Refer note 38(A)(i) 40 and 41 to the standalone financial statements;
 - ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts; Refer note 51(B) to the standalone financial statements;
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv) (a) The management has represented that, to the best of its knowledge and belief, as disclosed in in Note 62(d) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or
 - Provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - (b) The management has represented, that, to the best of its knowledge and belief, as disclosed in in Note 62(e) to the standalone financial

statements, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
 - Provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.
- (c) Based on such audit procedures as considered reasonable and appropriate in the nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) (a) and (iv) (b) contain any material misstatement.
- v) The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.
- As stated in note 56 and 60, to the standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- vi) Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during our audit we did not come across any instance of audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.
- (C) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act,:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph II point 2 A (f) under “Report on Other Legal and Regulatory Requirements” section of our report to the members of India Glycols Limited of even date)

Report on the Internal Financial Controls With reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to standalone financial statements of **INDIA GLYCOLS LIMITED** (“the Company”) as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to the standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to the standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards

on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the standalone financial statements included obtaining an understanding of internal financial controls with reference to the standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the standalone financial statements.

Meaning of Internal Financial Controls with reference to the standalone financial statements

A company's internal financial control with reference to the standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with

generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to the standalone financial statements

Because of the inherent limitations of internal financial controls with reference to the standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the standalone financial statements to future periods are subject to the risk that the internal financial control with reference to the standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to the standalone financial statements and such internal financial controls with reference to the standalone financial statements were operating effectively as of March 31, 2025, based on the internal financial controls with reference to the standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Standalone Financial Statements

Notes to Standalone Financial Statements

1. Company Overview, Basis of Preparation and Material Accounting Policies

1.1. Company Overview

India Glycols Limited ("IGL" or "the company") is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are publicly traded on the National Stock Exchange ("NSE") and the Bombay Stock Exchange ("BSE") in India. The registered office of IGL is situated at A-1, Industrial Area, Bazpur Road, Kashipur – 244713, Distt. Udham Singh Nagar, Uttarakhand, India.

The Company manufactures Bio-based Specialities and Performance Chemicals such as green technology based bulk, natural gums and industrial gases; Potable Spirits, Boi-Fuel and Ennature Biopharma.

These financial statements were authorized for issue in accordance with a resolution of the directors on dated 16th May, 2025.

1.2. Basis of Preparation of financial statements

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

1.3. Material Accounting Policies

(a) Basis of Measurement

The Financial statements have been prepared under historical cost convention on accrual basis, except for the items that have been measured at fair value as required by relevant Ind AS.

The standalone financial statements are presented in Indian Rupees (₹), which is the Company's functional and presentation currency and all amounts are rounded to the nearest Lakh (₹ 00,000) and two decimals thereof, except as stated otherwise.

(b) Basis of classification of Current and Non – Current

Assets and Liabilities in the balance sheet have been classified as either current or non-current.

An asset has been classified as current if (a) it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is expected to be realized within twelve months after the reporting date; or (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date. All other assets have been classified as non-current.

A liability has been classified as current when (a) it is expected to be settled in the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is due to be settled within twelve months after the reporting date; or (d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. All other liabilities have been classified as noncurrent.

Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities.

An operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. The Company has identified twelve months as its operating cycle for the purpose of current /non-current assets and liabilities.

(c) Property, Plant and Equipment (PPE)

Property, Plant and Equipment are carried at deemed cost (fair value model) less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

The Assets' residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate. Depreciation on Plant, Property and equipment has been provided using straight line method over the useful life of assets as specified in Schedule II of the Companies Act, 2013. However, in case of certain Plant & Machinery depreciation have been provided based on technical evaluation of the useful life by technical valuer ranging from 40-48 years.

Depreciation on additions/ disposals is provided with reference to the month of addition/ disposal. Certain plant and machinery have been considered as continuous process plant as provided in schedule II of the Companies Act, 2013 on technical evaluation.

Freehold land is not depreciated. Leasehold land is amortised over the period of lease

Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses/ gain arising in the case of retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

Expenditure during construction

Expenditure including qualifying interest during construction period is being included under capital work-in progress and the same is allocated to Property, Plant & Equipment on completion of installation/construction.

(d) Investment Properties

Investment properties are measured at cost less accumulated depreciation and impairment losses, if any.

Depreciation on such properties is provided over the estimated useful lives as specified in Schedule II to the Companies Act, 2013.

Notes to Standalone Financial Statements

The residual values, useful lives and depreciation method of investment properties are reviewed, and adjusted on prospective basis as appropriate, at each financial year end. The effects of any revision are included in the statement of profit and loss when the changes arise.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on annual evaluation performed by an external independent valuer/internal assessment.

(e) Intangible Assets

Identifiable intangible assets are recognised a) when the Company controls the asset, b) it is probable that future economic benefits attributed to the asset will flow to the Company and c) the cost of the asset can be reliably measured.

Computer software's are capitalised at the amounts paid to acquire the respective license for use and are amortised over the period of license, generally not exceeding six years on straight line basis. The assets' useful lives are reviewed at each financial year end.

(f) Leases

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the period of lease term.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the incremental borrowing rate of the company.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

(g) Inventories

Inventories are valued 'at lower of cost or net realizable value' except stock of residual products and scrap which are valued at net realizable value. The cost is computed on the weighted average basis. In case of finished goods and stock in process, cost is determined by considering material, labour, related overheads and duties thereon.

(h) Employee benefits

I. Short-term employee benefits:

All employee benefits falling due within twelve months of the end of the period in which the employees render the related services are classified as short term employee benefits, which include benefits like salaries, wages, short term compensated absences, performance incentives, etc. and are recognised as expenses in the period in which the employee renders the related service and measured accordingly.

II. Post-employment benefits

(i) Defined Contribution Plan

Employee benefits in the form of Provident Fund (with Government Authorities) are considered as defined contribution plan and the contributions are charged to the statement of Profit & Loss of the year when the contributions to the respective funds are due.

Actuarial Valuation

(ii) Defined Benefit Plan

Retirement benefits in the form of Gratuity and Long term compensated leaves are considered as defined benefit obligations and are provided for on the basis of an actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet.

The liability in respect of all defined benefit plans is accrued in the books of account on the basis of actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognizes each year of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the Balance Sheet date, having maturity periods approximating to the terms of related obligations.

Other short term absences are provided based on past experience of leave availed.

Actuarial Gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income (OCI) in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

All other expenses related to defined benefit plans are recognized in Statement of Profit and Loss as employee benefit expenses.

Notes to Standalone Financial Statements

(i) Foreign currency transactions and translation

Standalone financial statements have been presented in Indian Rupees (₹), which is the Company's functional and presentation currency.

Transactions in foreign currencies are initially recorded by the Company at rates prevailing at the date of the transaction. Subsequently monetary items are translated at closing exchange rates of balance sheet date and the resulting exchange difference recognised in the statement of profit or loss. Differences arising on settlement of monetary items are also recognised in the statement of profit or loss.

(j) Non-current assets held for sale and discontinued operations

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable.

Non-current assets classified as held for sale are measured at lower of their carrying amount and fair value less cost to sell.

Non-current assets classified as held for sale are not depreciated or amortised from the date when they are classified as held for sale.

Non-current assets classified as held for sale and the assets and liabilities of a disposal group classified as held for sale are presented separately from the other assets and liabilities in the Standalone Balance Sheet.

A discontinued operation is a component of the entity that has been disposed off or is classified as held for sale and:

- represents a separate major line of business or geographical area of operations and;
- is part of a single co-ordinated plan to dispose of such a line of business or area of operations.

The results of discontinued operations are presented separately in the Standalone Statement of Profit and Loss.

(k) Grants

Grants and subsidies from the government are recognised at their fair value where there is a reasonable assurance that the grant/subsidies will be received and the Company will comply with all attached conditions. Revenue Grants are recognised in the statement of Profit & Loss. Government grants relating to the specific Property, Plant & Equipment is disclosed in the balance sheet as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income to match them with the cost that they are intended to compensate. Changes in estimates are recognised prospectively over the remaining life of the assets.

(l) Taxation

Income tax expense represents the sum of current and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income.

Current tax provision is computed for Income calculated after considering allowances and exemptions under the provisions of the applicable Income Tax Laws. Current tax assets and current tax liabilities are off set, and presented as net.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognised for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that in future taxable profits will be available to set off such deductible temporary differences. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off- set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilised.

(m) Provisions and Contingencies

(i) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting period and are adjusted to reflect the current best estimate.

(ii) Contingencies

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognized in financial statements but are disclosed, if any.

(n) Impairment of non-current assets

An asset is considered as impaired when at the date of Balance Sheet there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which the asset belongs exceeds its recoverable amount (i.e. the higher of the net asset selling price and value in use). The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

Notes to Standalone Financial Statements

(o) Borrowing Cost / Finance Cost

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying assets treated as of the cost of that asset and other borrowing cost are recognised as expenses in the period in which it incurs them. Ancillary cost incurred in connection with the arranging the borrowings is amortized over the terms of the loan.

(p) Financial instruments – initial recognition, subsequent measurement and impairment

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. A financial assets or a liability is recognised when the Company becomes a Party to the contractual provision of the instrument.

a) Financial Assets

Financial assets include cash and cash equivalent, trade and other receivables, investments in securities and other eligible current and noncurrent assets.

Financial Assets are measured at amortised cost or fair value through Other Comprehensive Income or fair value through Profit or Loss, depending on its business model for managing those financial assets and the assets contractual cash flow characteristics.

Subsequent measurements of financial assets are dependent on initial categorisation. For impairment purposes significant financial assets are tested on an individual basis, other financial assets are assessed collectively in groups that share similar credit risk characteristics.

The company derecognizes a financial assets when the contractual rights to the cash flows from the financial assets expire or it transfers the financial assets and the transfer qualifies for the derecognition under Ind-AS 109.

Investment in Equity shares

Investments in equity securities (Other than Investment in Subsidiaries & Joint Venture) are initially measured at fair value. Any subsequent fair value gain or loss is recognized through Profit or Loss.

Investment in Subsidiaries & Joint Venture

Investments in subsidiaries and Joint Venture are carried at cost. The cost comprises price paid to acquire investment and directly attributable cost.

The company assesses impairment based on expected credit loss (ECL) model to all its financial assets measured at amortised cost

b) Financial liabilities

Financial liabilities include long term and short term loan and borrowings, trade and other payables and other eligible current and non-current liabilities.

All financial liabilities recognized initially at fair value and, in the case of loans and borrowing and other payable, net of directly attributable transaction costs. After initial recognition, financial liabilities are classified under one of the following two categories

i) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial measurement recognition at fair value through profit or loss. Financial liabilities at fair value through profit or loss are at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

ii) Financial liabilities measured at amortised cost

After initial recognition, such financial liabilities are subsequently measured at amortized cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of financial liability. The EIR amortization is included in finance expense in the profit and loss.

De-recognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

(q) Derivative financial instruments

The Company uses derivative financial instruments, such as forward & Options currency contracts to hedge its foreign currency risks. Derivative financial instruments are measured at their fair value at the end of each reporting period.

(r) Cash and Cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

(s) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders of the Company by the weighted average number of the equity shares outstanding during the year.

Notes to Standalone Financial Statements

For the purpose of calculating diluted earnings per share, net profit or loss for the year attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the year is adjusted for the effect of all dilutive potential equity shares.

(t) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Management of the Company is responsible for allocating resources and assessing the performance of the operating segment. Revenue, expenses assets and liabilities which are common to the company are shown as results, assets and liabilities as unallocable.

(u) Revenue recognition and other income

a) Sale of goods

Revenue is recognized either on delivery or on transfer of significant risk and rewards of ownership of the goods. Revenue from the sale of goods is measured at fair value of consideration received or receivable, inclusive of excise duty as applicable but after deducting discounts, rebates and Goods & Service Tax.

b) Sale of services-job work

Revenue from job work charges are recognised on when performance obligation is met.

c) Export Incentives

Revenue in respect of Export benefit are recognised on post export basis at the rate at which the entitlement accrues in terms of import export policy and is included in the turnover of the company.

(v) Exceptional Items

When items of income and expenses within statement of profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such material items are disclosed separately as exceptional items.

1.4. Critical accounting estimates, assumptions and judgements

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgements, which have significant effect on the amounts recognised in the financial statement.

Uncertainty about these assumptions and estimates could result in outcome that require a material adjustment to assets or liabilities affected in future periods.

a) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities based on probability that taxable profit will be available against which the deductible temporary differences can be utilized. The Company reviews at each balance sheet date the carrying amount of deferred tax assets and liabilities. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

b) Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

c) Allowance for uncollected accounts receivable and advances

Trade receivables and advances are stated at their transaction value as reduced by appropriate allowances for estimated irrecoverable amounts. Trade receivables and advances are written off on case to case basis when management deems them not to be collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

d) Insurance claims

Insurance claims are recognised when the Company have reasonable certainty of recovery. Subsequently any change in recoverability is appropriately adjusted for and give effect in the statement of profit and loss.

e) Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

f) Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

- B)** Custom duty saved on import of raw material under Advance License pending fulfillment of export obligation amounting to ₹ 484.21 Lakh (Previous Year ₹ 663.98 Lakh). The Management is of the view that considering the past export performance and future prospects there is certainty that pending export obligation under advance licenses will be fulfilled before expiry of the validity of respective advance licenses, accordingly and also on "Going Concern Concept" basis there is no need to make any provision for custom duty saved.
- 39.** Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances of ₹ 353.94 Lakh (Previous Year ₹ 392.87 Lakh) are ₹ 6,374.74 Lakh (Previous Year ₹ 7,878.46 Lakh).
- 40.** In the earlier years, the State Government of Uttar Pradesh (UP) had imposed a levy of license fee on transfer of alcohol from the distillery to the chemical plant. The levy was challenged by the Company in the Hon'ble Supreme Court and on October 18, 2006 the matter was finally decided by The Hon'ble Supreme Court in favour of the Company. Accordingly, Company had filed an application for refund of amount paid ₹ 507.05 Lakh (Previous Year ₹ 507.05 Lakh) (shown as recoverable under the head "Other Current Assets") with State Government of Uttarakhand, which is still pending for refund of the amount.
- 41.** In the earlier year, Directorate of Revenue Intelligence (DRI) issued summons to the Company in connection with investigation in respect to import of Denatured Ethyl Alcohol by importer other than manufacturer of Excisable Goods and as per DRI, Company was not eligible for lower rate of BCD @ 2.5% under notification no. 50/2017 dated 30.06.2017. The Company has filed Writ Petition before Gujarat High Court that Company is eligible to avail benefit of concessional rate of 2.5% BCD on import of DEA and for quashing of investigations initiated by DRI. During the Current Financial year, *Gujarat High Court has directed Customs Department not to pass final order till the pendency of Writ Petition Vide order dated 17.10.2024*
- Thereafter, a Show Cause notice no. 06//PC/2022-23 dated 03.08.2022 was issued alleging incorrect availment of Basic Customs Duty @2.5% instead of 5% during 01.07.2017 to 01.02.2021, as the imported DEA was not used for manufacture of Excisable Goods in terms of amended definition of Excisable Goods which now means to include only (a) Petroleum, (b) High Speed Diesel, (c) Motor Spirit, (d) Natural Gas, (e) Aviation Turbine Fuel, and (f) Tobacco.
- Upon hearing, the Additional Commissioner has vide Order-in-Original No. 69/ADC/NOIDA-CUS/2023-24 dated 23.03.2024 has confirmed the duty demand of ₹ 4,093.05 lakh along with interest and has also imposed Redemption fine of ₹ 19,175.83 lakh and penalty of ₹ 4,100.00 lakh under sec 112(a)(i) of customs act and penalty of ₹ 4,100.00 lakh under Sec. 114AA of customs act and has also appropriated the amount of ₹ 750.00 lakh (Previous Year ₹ 750.00 Lakh) paid against the duty demand under protest is shown as recoverable from department, under the head "Other Current Assets". *The Company has filed an appeal before Commissioner of Customs (Appeals), GST Bhawan, NOIDA against the impugned Order-in-Original, it is yet to be listed for hearing.*
- 42.** The Board of Directors of the Company at its meeting held on 4th February 2025, had approved the Composite Scheme of Arrangement ("Scheme") involving amalgamation of Kashipur Holdings Limited ("KHL") into the Company and De merger of the Bio Pharma undertaking into a separate undertaking, namely, En nature Bio Pharma Limited and Spirits & Biofuel Undertaking into a separate undertaking, namely, IGL Spirits Limited ("Demerger") to be listed on both the stock exchanges. Further, the Scheme was subject to the requisite approvals and sanction of the jurisdictional bench of National Company Law Tribunal and also subject to the approval of the shareholders and I or creditors of IGL, Central Government, or such other competent authority or intermediaries or agencies etc., as may be directed by the NCLT.
- Further, post deliberations, to continue value creation for its stakeholders, the Board of Directors in its meeting held on 16th May 2025 has decided to exclusively focus on Demerger as described in the above paragraph. The earlier proposal for the amalgamation of KHL Into the Company will no longer form part of the Scheme being pursued. The proposed modification does not affect any stakeholders, including shareholders, creditors, or employees. There will be no adverse implication on the existing public shareholders of Transferee Company as they will continue to own the same percentage of shares in the Company. The appointed date for the Scheme of Arrangement is 1st April, 2026. The above events do not have any impact or bearings on the standalone financial statement of the Company.
- 43.** (a) (i) In earlier year the company had given (included in current Loan) Inter Corporate Deposit (ICD) of ₹ 14,649.64 Lakh (Previous Year ₹ 14,649.64 Lakh) to its subsidiary IGL Finance Ltd. (IGLFL) (A 100% subsidiary). IGLFL in earlier year had invested funds for short term in commodity financing contracts offered by National Spot Exchange Ltd. (NSEL). NSEL had defaulted in settling the contracts on due dates, for which IGLFL has initiated legal and other action and in turn IGLFL did not pay back due amount to the company. Accordingly considering the prudence no interest on above ICD has been accrued for the period from 01-09-2013 onwards.
- (ii) In respect of the above, the Company has made a loss allowance of ₹ 11,719.71 Lakh based on expected credit loss Policy and other estimation made by the management and for balance ₹ 2,041.93 Lakh (and also fully provided for against equity investment of ₹ 125.00 Lakh), the management and IGLFL is confident for recovery of dues from NSEL over a period of time and hence shown as good (considering the measure which have so far been taken for and pending before the Govt. and other authorities and current scenario/present state of affairs). However, during the earlier year, the Company has written off ICD of ₹ 11,719.71 Lakh and adjusted the same against the provision, which was created in earlier year. Hence there was no impact on profitability of the company.

Notes to Standalone Financial Statements

- (c) In earlier years, Company has Investment of ₹ 27.41 Lakh & ₹ 127.00 lakh in equity share capital in subsidiaries company namely IGL CHEM International PTE Ltd, Singapore & IGL CHEM International USA LLC respectively, whose net worth has been fully eroded. In the Financial Year 2023-24, the company has created the provision for diminution in value of investment for the same.

f) The principal actuarial assumptions used for estimating the Company's defined benefit obligations for gratuity and leave encashment are set out below:

Actuarial assumptions	As at March 31st, 2025	As at March 31st, 2024
Discount Rate	6.50%	7.10%
Expected Rate of increase in salary	5.00%	5.00%
Withdrawal rate	10% p.a	10% p.a.
Expected Average remaining working lives of employees (years)	18.57	18.78

The principal assumptions are the discount rate & salary growth rate. The discount rate is generally based upon the market yields available on Government bonds. The estimate of rate of escalation in salary considered in actuarial valuation, taken into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

g) Sensitivity analysis:

(₹ in Lakh)

	-1%	(120.76)	(108.11)	(21.72)	(20.04)

Notes to Standalone Financial Statements

The above sensitivity analysis is based on change in an assumption while holding all other assumption constant in practice, this is unlikely to occur, and change in some of the assumption may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumption the same method [projected unit credit method] has been applied as when calculating the defined benefit obligation recognized within the balance sheet.

45. Financial risk management objectives and Policies

The Company's activities are exposed to a variety of financial risks from its operations. The key financial risks include market risk (including foreign currency risk, interest rate risk and commodity risk etc.), credit risk and liquidity risk. The company's overall risk management policy seeks to minimize potential adverse effects on company's financial performance.

(i) **Market Risk:** Market risk is the risk that the fair value of future cash flow of a financial instruments will fluctuate because of change in market prices. Market risk comprises mainly three types of risk: interest rate, currency risk and other price risk such as commodity price risk.

(a) **Foreign Currency Risk:** Foreign Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company has obtained foreign currency borrowing and has foreign currency trade payable and receivable and is therefore, exposed to foreign currency risk.

After taking cognizance of the natural hedge, the company takes appropriate hedge to mitigate its risk resulting from fluctuation in foreign currency exchange rate(s).

Foreign Currency sensitivity: The following tables demonstrate the sensitivity to a reasonable possible change in Foreign Currency with all other variable held constant. The impact on company's profit/(loss) before tax is due to change in the foreign exchange rate for:

(₹ in Lakh)

Particulars	As at March 31, 2025	As at March 31, 2024
Change in USD	+ 1%	+ 1%
Effect on profit/(loss) before tax	(155.46)	(187.43)
Change in USD	-1%	-1%
Effect on profit/(loss) before tax	155.46	187.43

(b) **Interest rate risk:-**Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any change in the interest rates environment may impact future rates of borrowing. The company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments, interest rate negotiation with the lenders for ensuring the cost effective method of financing.

Interest Rate Sensitivity: The following table demonstrates the sensitivity to a reasonable possible change in interest rate on financial assets affected. With all other variable held constant, the company's profit before tax is affected through the impact on finance cost with respect to our borrowing, as follows:

Notes to Standalone Financial Statements

A change in 25 basis points in interest rates would have following impact on profit before tax.

(₹ in Lakh)

Particulars	As at March 31, 2025	As at March 31, 2024
Change in basis point	+25	+25
Effect on profit before tax	(433.19)	(339.88)
Change in basis point	-25	-25
Effect on profit before tax	433.19	339.88

(c) Commodity Price risk: The Company is affected by the price volatility of certain commodities. Its operating activities require the purchase of raw material therefore, requires a continuous supply of certain raw materials. To mitigate the commodity price risk, the Company has an approved supplier base to get competitive prices for the commodities and to assess the market to manage the cost without any compromise on quality.

(ii) Credit Risk:

Credit risk refers to risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, Inter Corporate deposit, derivative financial instruments, other balances with banks, loans and other receivables. The Company's exposure to credit risk is disclosed in Note 6, 7, 8, 11, 14 & 15.

Credit risk arising from investment derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counter parties are banks and recognised financial institutions with high credit ratings.

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- Trade receivables
- Financial assets measured at amortized cost (other than trade receivables)

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance. The ageing of the trade receivables are given below:

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss under the head 'Other expenses'. The balance sheet presentation for financial instruments is described below:

Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.

- (iii) **Liquidity Risk:** Liquidity risk is the risk, where the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company's approach to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due.

The table below summarizes the maturity profile of company's financial liabilities based on contractual undiscounted payments:-

46. Capital risk management

The Company's policy is to maintain an adequate capital base so as to maintain creditor and market confidence and to sustain future development. Capital includes issued capital, share premium and all other equity reserves attributable to equity holders. The primary objective of the Company's capital management is to maintain an optimal structure so as to maximize the shareholder's value. In order to strengthen the capital base, the company may use appropriate means to enhance or reduce capital, as the case may be.

The Company is not subject to any external imposed capital requirement. The company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Net Debt is calculated as borrowings less cash and cash equivalents.

52. Fair valuation techniques

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- 2) Fair value of borrowings from banks and other non-current financial liabilities, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.
- 3) Other non-current receivables are evaluated by the Company, based on parameters such as interest rates, individual creditworthiness of the counterparty etc. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.
- 4) The fair values of derivatives are calculated using the RBI reference rate as on the reporting date as well as other variable parameters.

Fair Value hierarchy

All financial assets and liabilities for which fair value is measured in the financial statements are categorised within the fair value hierarchy, described as follows: -

Level 1 - Quoted prices in active markets.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly.

Level 3 - Inputs that are not based on observable market data.

The following table presents the fair value measurement hierarchy of financial assets and liabilities, which have been measured subsequent to initial recognition at fair value as at 31st March, 2025 and 31st March 2024:

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF INDIA GLYCOLS LIMITED

I. Report on the Audit of Consolidated Financial Statements for the year ended 31st March, 2025

1. Opinion

- A. We have audited the accompanying Consolidated Financial Statements of **INDIA GLYCOLS LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its Joint venture, which comprise the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").
- B. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its Joint venture as at March 31, 2025, of its consolidated Profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the group and its joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditor in terms of their report referred to the "Other Matters" section below is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Financial Statements.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in our report.

4. Information Other than the Consolidated Financial Statements and Auditor's Report thereon

- A. The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements and our auditor's report thereon. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- B. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

5. Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

- A. The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Companies Act, 2013 (the Act) that give a true and fair view of the consolidated financial position, Consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group and its joint venture in accordance with the other accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

- B. In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group and its joint venture are responsible for assessing the Group's ability and its joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the group and of its Joint venture are also responsible for overseeing the financial reporting process of the Group and its Joint venture.

6. Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

- A. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.
- B. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- i) Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - ii) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and,

based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- v) Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - vi) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and jointly controlled entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
- C. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- D. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- E. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The consolidated financial statements includes the Group's share of net profit after tax of ₹ 4,640 lakh and total comprehensive income of ₹ 4,617 lakh for the year ended 31st March 2025 as considered in the consolidated financial statements, in respect of one joint venture, whose financial statements/financial information has been audited by other auditor. The independent auditor's report on financial statements/financial information of this entity has been furnished to us by the management.

Our opinion on the consolidated financial statements, is so far as it relates to the amounts and disclosures included in respect of this entity and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid joint venture, is based solely on the reports of the other auditor/ independent firm of accountants.

Our opinion on the consolidated financial statements is not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditor/ independent firm of accountants.

II. Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit we report to the extent applicable that:

- A. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in point F of paragraph II under "Report on Other Legal and Regulatory Requirements" section of our report to the members of INDIA GLYCOLS LIMITED of even date)

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to financial statements of **INDIA GLYCOLS LIMITED** (hereinafter referred to as "Holding") and its subsidiary companies, and joint venture which are incorporated in India as of that date.

In our opinion to the best of our information and according to the explanations given to us, the Holding and its subsidiary companies and joint venture which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding and its subsidiary companies and joint venture which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated financial statements of the Holding company based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor in terms of their reports referred to in the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls over with reference to consolidated financial statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. Company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to the consolidated financial statements insofar as it relates to one Joint venture which is a company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India.

Our opinion is not modified in respect of this matter.

Notes to Consolidated Financial Statements

1. Group Overview, Basis of Preparation and Material Accounting Policies

1.1. Group Overview

The Group, India Glycols Limited (Parent) and its subsidiaries, manufactures Bio-based Specialities and Performance Chemicals such as green technology based bulk, natural gums and industrial gases; Potable Spirits and Ennature Biopharma. The Joint venture Company manufactures selling Specialty Chemicals at Kashipur, Uttarakhand.

These Consolidated financial statements were approved and adopted by board of directors of the Company in their meeting held on May 16, 2025.

1.2. Statement of compliance:

The Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 and amended and relevant provisions of the Companies Act, 2013.

1.3. Basis of preparation of Consolidated financial statements:

- The consolidated financial statements relate to the Group, and joint ventures. Subsidiary are those entities in which the Parent directly or indirectly, has interest more than 50% of the voting power or otherwise control the composition of the board or governing body so as to obtain economic benefits from activities. The consolidated financial statements have been prepared on the following basis:-
- The financial statements of the subsidiaries are combined on a line-by-line basis by adding together the like items of assets, liabilities, income and expenses after fully eliminating intra-group balances and intra-group transactions and unrealized profits or losses in accordance with IND AS 110 –‘Consolidated Financial Statements’ notified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended time to time. The deferred tax to be recognised for temporary differences arises from elimination of profits and losses resulting from intra group transactions.
- Interest in joint ventures are consolidated using equity method as per IND AS 28 – ‘Investment in Joint Ventures’. Under the equity method, post-acquisition attributable profit/losses are adjusted in the carrying value of investment upto the Group investment in the joint venture.
- The Consolidated Financial Statements (CFS) comprises the financial statements of India Glycols Limited (IGL) and its following Subsidiaries/ Joint Venture as on March 31, 2025

Name of the Company	Nature	Country of Incorporation	% of Shareholding & Voting Power
IGL Chem International PTE. LTD	Subsidiary	Singapore	100%
IGL Chem International USA LLC (IGLCHEM US)	Subsidiary	USA	100%
IGL Finance Limited (IGLFL)	Subsidiary	India	100%
Ennature Bio Pharma Limited (formerly known as Ennature Bio Pharma Private Limited)	Subsidiary	India	100%
IGL Chemicals and Services Private Limited	Subsidiary	India	100%
IGL Spirits Limited (w.e.f. 25.11.2024)	Subsidiary	India	100%
Clariant IGL Specialty Chemicals Private Limited	Joint Venture	India	49.00%

- The difference between the cost of investment and the share of net assets at the time of acquisition of shares in the subsidiaries is identified in the financial statements as Goodwill or Capital Reserve as the case may be.
- In case of foreign subsidiaries, revenue items are consolidated at the average exchange rate during the year. All assets and liabilities are translated at year end exchange rate. The resulting exchange differences are recognised as Other Comprehensive Income/(loss) and disclosed accordingly.

Notes to Consolidated Financial Statements

- g) Significant Accounting Policies of the financial statements of the company and its subsidiaries are set out in their respective Financial Statements.

1.4. Material accounting policies: The significant accounting policies to prepare consolidated financial statements are in uniformity with the standalone financial statements of the Company. Following are the additional policies specifically considered for preparation of consolidated financial statements:

(i) Business Combination:

Business Combinations are accounted for using the acquisition method. The cost of acquisition is measured at the aggregate of the fair values at the date of exchange of assets given, liabilities incurred or assumed and equity instruments issued by the Company in exchange for control of the acquiree. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the recognition criteria are stated at their fair values at the acquisition date except certain assets and liabilities required to be measured as per the applicable standard.

(ii) Goodwill

Goodwill is an asset representing the future economic benefits arising from other assets acquired in a business combination that are not individually identified and separately recognized. Goodwill is initially measured at cost, being the excess of the consideration transferred over the net identifiable assets acquired and liabilities assumed, measured in accordance with Ind AS 103 – Business Combinations. An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount.

38. In the earlier years, the State Government of Uttar Pradesh (UP) had imposed a levy of license fee on transfer of alcohol from the distillery to the chemical plant. The levy was challenged by the Company in the Hon'ble Supreme Court and on October 18, 2006 the matter was finally decided by The Hon'ble Supreme Court in favour of the Company. Accordingly, Company had filed an application for refund of amount paid ₹ 507.05 Lakh (Previous Year ₹ 507.05 Lakh) (shown as recoverable under the head "Other Current Assets") with State Government of Uttarakhand, which is still pending for refund of the amount.

39. In the earlier year, Directorate of Revenue Intelligence (DRI) issued summons to the Company in connection with investigation in respect to import of Denatured Ethyl Alcohol by importer other than manufacturer of Excisable Goods and as per DRI, Company was not eligible for lower rate of BCD @ 2.5% under notification no. 50/2017 dated 30.06.2017. The Company has filed Writ Petition before Gujarat High Court that Company is eligible to avail benefit of concessional rate of 2.5% BCD on import of DEA and for quashing of investigations initiated by DRI. During the Current Financial year, *Gujarat High Court has directed Customs Department not to pass final order till the pendency of Writ Petition Vide order dated 17.10.2024.*

Thereafter, a Show Cause notice no. 06//PC/2022-23 dated 03.08.2022 was issued alleging incorrect availment of Basic Customs Duty @2.5% instead of 5% during 01.07.2017 to 01.02.2021, as the imported DEA was not used for manufacture of Excisable Goods in terms of amended definition of Excisable Goods which now means to include only (a) Petroleum, (b) High Speed Diesel, (c) Motor Spirit, (d) Natural Gas, (e) Aviation Turbine Fuel, and (f) Tobacco.

Upon hearing, the Additional Commissioner has vide Order-in-Original No. 69/ADC/NOIDA-CUS/2023-24 dated 23.03.2024 has confirmed the duty demand of ₹ 4,093.05 lakh along with interest and has also imposed Redemption fine of ₹ 19,175.83 lakh and penalty of ₹ 4,100.00 lakh under sec 112(a)(i) of customs act and penalty of ₹ 4,100.00 lakh under Sec. 114AA of customs act and has also appropriated the amount of ₹ 750.00 lakh (Previous Year ₹ 750.00 Lakh) paid against the duty demand under protest is shown as recoverable from department, under the head "Other Current Assets". *The Company has filed an appeal before Commissioner of Customs (Appeals), GST Bhawan, NOIDA against the impugned Order-in-Original, it is yet to be listed for hearing.*

40. The Board of Directors of the parent Company at Its meeting held on 4th February 2025, had approved the Composite Scheme of Arrangement ("Scheme") involving amalgamation of Kashipur Holdings Limited ("KHL") into the parent Company and Demerger of the Bio Pharma undertaking into a separate undertaking, namely, Ennature Bio Pharma Limited and Spirits & Biofuel Undertaking into a separate undertaking, namely, IGL Spirits Limited ("Demerger") to be listed on both the stock exchanges. Further, the Scheme was subject to the requisite approvals and sanction of the jurisdictional bench of National Company Law Tribunal and also subject to the approval of the shareholders and/or creditors of IGL, Central Government, or such other competent authority or intermediaries or agencies etc., as may be directed by the NCLT. Further, post deliberations, to continue value creation for its stakeholders, the Board of Directors of the parent company in its meeting held on 16th May 2025 has decided to exclusively focus on Demerger as described in the above paragraph. The earlier

proposal for the amalgamation of KHL Into the parent Company will no longer form part of the Scheme being pursued. The proposed modification does not affect any stakeholders, including shareholders, creditors, or employees. There will be no adverse implication on the existing public shareholders of Transferee Company as they will continue to own the same percentage of shares In the parent Company. The appointed date for the Scheme of Arrangement is 1st April, 2026. The above events do not have any impact or bearings on the consolidated financial statement of the Company.

41. The subsidiary company, IGL Finance Limited, had invested funds for short term in commodity financing contracts offered by National Spot Exchange Limited (NSEL). NSEL has defaulted in settling the contracts on due dates. IGL Finance has made a loss allowance of ₹ 11,719.71 Lakh based on expected credit loss Policy and other estimation made by the management and for balance ₹ 2,041.93 Lakh (and also fully provided for against equity investment of ₹ 125.00 Lakh), the management and IGLFL is confident for recovery of dues from NSEL over a period of time and hence shown as good (considering the measure which have so far been taken for and pending before the Govt. and other authorities and current scenario/present state of affairs). However, during the earlier year , the Company has written off ICD of ₹ 11,719.71 Lakh and adjusted the same against the provision, which was created in earlier year.

42. Financial risk management objectives and Policies

The Group's activities are exposed to a variety of financial risks from its operations. The key financial risks include market risk (including foreign currency risk, interest rate risk and commodity risk etc.), credit risk and liquidity risk. The Group's overall risk management policy seeks to minimize potential adverse effects on Group's financial performance.

- (i) **Market Risk:** Market risk is the risk that the fair value of future cash flow of a financial instruments will fluctuate because of change in market prices. Market risk comprises mainly three types of risk: interest rate, currency risk and other price risk such as commodity price risk.

- (a) **Foreign Currency Risk:** Foreign Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company has obtained foreign currency borrowing and has foreign currency trade payable and receivable and is therefore, exposed to foreign exchange risk.

After taking cognizance of the natural hedge, the company takes appropriate hedge to mitigate its risk resulting from fluctuation in foreign currency exchange rate(s).

Foreign Currency sensitivity: The following tables demonstrate the sensitivity to a reasonable possible change in Foreign Currency with all other variable held constant. The impact on company's profit/(loss) before tax is due to change in the foreign exchange rate for:

(₹ in Lakh)

Particulars	As at March 31, 2025	As at March 31, 2024
Change in USD	+ 1%	+ 1%
Effect on profit/(loss) before tax	(155.46)	(187.43)
Change in USD	-1%	-1%
Effect on profit/(loss) before tax	155.46	187.43

- (b) **Interest rate risk:-**Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any change in the interest rates environment may impact future rates of borrowing. The company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments, interest rate negotiation with the lenders for ensuring the cost-effective method of financing.

Interest Rate Sensitivity: The following table demonstrates the sensitivity to a reasonable possible change in interest rate on financial assets affected. With all other variable held constant, the company's profit before tax is affected through the impact on finance cost with respect to our borrowing, as follows:

A change in 25 basis points in interest rates would have following impact on profit/(Loss) before tax:

(₹ in Lakh)

Particulars	As at March 31, 2025	As at March 31, 2024
Change in basis point	+25	+25
Effect on profit before tax	(433.19)	(339.88)
Change in basis point	-25	-25
Effect on profit before tax	433.19	339.88

Notes to Consolidated Financial Statements

(c) Commodity Price risk: The Company is affected by the price volatility of certain commodities. Its operating activities require the purchase of raw material therefore, requires a continuous supply of certain raw materials. To mitigate the commodity price risk, the Company has an approved supplier base to get competitive prices for the commodities and to assess the market to manage the cost without any compromise on quality.

(ii) Credit Risk:

Credit risk refers to risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, Inter Corporate deposit, derivative financial instruments, other balances with banks, loans and other receivables. The Company's exposure to credit risk is disclosed in Note 7, 8, 11 & 14.

Credit risk arising from investment derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counter parties are banks and recognised financial institutions with high credit ratings.

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- Trade receivables
- Financial assets measured at amortized cost (other than trade receivables)

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

The ageing of the trade receivables are given below:

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss under the head 'Other expenses'. The balance sheet presentation for financial instruments is described below:

Notes to Consolidated Financial Statements

Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.

- (iii) **Liquidity Risk:** Liquidity risk is the risk, where the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company's approach to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due.

The table below summarizes the maturity profile of company's financial liabilities based on contractual undiscounted payments:-

45. Capital risk management

The Company's policy is to maintain an adequate capital base so as to maintain creditor and market confidence and to sustain future development. Capital includes issued capital, share premium and all other equity reserves attributable to equity holders. The primary objective of the Company's capital management is to maintain an optimal structure so as to maximize the shareholder's value. In order to strengthen the capital base, the company may use appropriate means to enhance or reduce capital, as the case may be.

The Company is not subject to any external imposed capital requirement. The company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Net Debt is calculated as borrowings less cash and cash equivalents.

The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- 2) Fair value of borrowings from banks and other non-current financial liabilities, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.
- 3) Other non-current receivables are evaluated by the Company, based on parameters such as interest rates, individual creditworthiness of the counterparty etc. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.
- 4) The fair values of derivatives are calculated using the RBI reference rate as on the reporting date as well as other variable parameters.

Fair Value hierarchy

All financial assets and liabilities for which fair value is measured in the financial statements are categorised within the fair value hierarchy, described as follows: -

Level 1 - Quoted prices in active markets.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly.

Level 3 - Inputs that are not based on observable market data.
